Russians Admit Evacuation
Of One Of Defense Bas-
tions Of Leningrad

(BULLETIN)

(International News Service)
MOSCOW, Aug. 26.—Fur-
ious fighting throughout the
night along the entire Russo-
German front was announced
by the Russian high commu-
nication today.

Earlier Red army evacuation
of Novgorod, strategic fortress town 100
miles southeast of Leningrad and
one of that city's chief defense Bas-
tions, was admitted officially in an
announcement which said the
stronghold had been abandoned after
tenacious fighting.

The war bulletin also reported
heavy, stubborn fighting along the
entire front and stated a German
submarine was sunk by a Soviet war-
ship in the Black Sea.

On Sunday, the communiqué said,
46 German planes were shot down or
destroyed at airdromes while six
Soviet planes were lost.

Rains Slow Down Nazis

Meanwhile, Soviet advisers reported
incessant rains during the past
24 hours have slowed down the Nazi
drive against Leningrad and in-
creased.

PA NEW OBSERVES

Two weeks from today will be pri-
mary election day, when candidates
for city and county offices will be
nominated by the parties.

Traffic signs regulating travel by
pedestrians are making their ap-
pearance in larger cities of the
nation, it is discovered. In some
cities neon light signs have been
erected at the heavily travelled in-
tersections warning pedestrians
"Don't Walk" and "Walk." The signs
operating simultaneously with the
traffic lights for vehicle traffic, and
telling pedestrians when it is safe
to cross a street and when not.

One of the narrow bridges and
sharp curves on the West Middle-
sex-Mercer road, near Mercer, is
being eliminated. A new cut-off
has been constructed on the high-
way and is about ready for travel.

While a few years ago installa-
tion of parking meters in New
Castle was subject of much con-
troversy, such meters are quite
general in cities large and small at
the present time. In fact, they are
to be found in some of the villages
that are travelled on some of the
main highways. The meters are of
no standard pattern, there being
a wide variety in use. In some
cities they are regulated so that a
penny, a nickel and two nickels
can be placed in them. The penny
provides ten-minute parking, the
nickel one hour, and two nickels
two hours. In a lot of cities the
meters cover proportionately a
much larger area of the streets than
in New Castle.

Senate Committee To Speed Tax Action

By WILLIAM S. NEAL
International News Service Staff

WASHINGTON, Aug. 26.—Senate
finance committee leaders predicted
that the committee today will ap-
prove the principle of excess profits
taxation adopted by the house, thus
rejecting counter-proposals of the
treasury which were made with
White House support.

Working steadily to complete re-
vision of the house-approved bill
this week, the committee still faces
major hurdles in many of the house
excise tax rates. The bill now totals
\$3,500,000,000.

Agree With House

Democratic Leader Barkley said
that in the main the committee will
agree with the house. This would
simplify and speed final agreement
between the two bodies.

The house excess profits tax pro-

vision gives corporations the option
of reporting on the average earnings
method, by which only profits above
the average of immediate pre-de-
fense boom years are taxed specifi-
cally, or the invested capital method.

Under the invested capital method
corporations calculate excess profits
above an eight per cent return on
the first \$5,000,000 and seven per
cent on earnings above that. The
treasury insisted that only the in-
vested capital method be used.

The senate committee has tenta-
tively approved, with slight changes
for "streamlining", sharp boosts in
individual income, corporation in-
come, estate and gift taxes passed
by the house.

By slashing exemptions to \$1,500
for married persons and \$750 for
single persons, however, the com-
mittee added \$303,000,000 to the
house bill.

County Teachers Gather At Annual Institute

With everything running smooth-
ly, the 88th annual Lawrence Coun-
ty Teachers Institute got under way
this morning in the Epworth Metho-
dist church, on East Washington
street.

Following registration this morn-
ing, devotionals were conducted by
Rev. W. A. Thornton, pastor of the
church, following which addresses
were given by Dr. Willis Sutton,
superintendent of the Atlanta, Ga.
schools one of the outstanding edu-
cators of the country.

He was followed by Dr. J. Ray-
mond Schutz, former professor of
sociology and psychology at Man-
chester College, now president of
the Standard Life Insurance Com-
pany of Indiana, and the program
of the morning was concluded by an
address by Raymond Kasmayer,
world traveler and educator.

Each address was an outstanding
one, giving those in attendance a
sample of the good things which
are to follow. In addition to the
teachers in the county schools,
there were a number of others pre-
sent, the institute being open to the
public.

Would Like To See U. S. In War

By KATHLEEN HARRIMAN

LONDON, Aug. 26.—In the most
outspoken statement on the con-
troversial issue yet made by a
British cabinet officer, Lord Beaver-
brook admitted today he would like
to see the United States in the
war.

Britain's Canadian-born minister
of supply talked to the press soon
after his return from Washington,
where he discussed all angles of
American war production with
United States officials.

After a detailed summation of
the production situation in the
United States and Great Britain,
Lord Beaverbrook concluded:
"I would like to see the United
States in the war."

"I would like to see the United
States taking a greater part in the
war effort and to a higher measure."
"But American entry must be de-
termined by the people of the
United States."

Lord Beaverbrook frankly ad-
mitted that American supply could
never fulfill all Britain's demands,
and he acknowledged that after
two years of war British production
was still muddled and "numerous
mistakes" made.

BERLIN, Aug. 26.—Chanc-
ellor Hitler's blitz troops
were declared today to be
approaching the former Es-
tonian capital of Tallinn and
hammering Soviet forces in
that area in what German
military authorities called a
"final Estonian sweep."

Large numbers of the Russian de-
fenders of Estonia were reported
withdrawing to the Baltic islands
of Dagoe and Oesel and to the
Hango Peninsula.

Move To Attack Leningrad

Further east, it was claimed, Ger-
man forces commanded by Field
Marshal Ritter Von Leeb were said
to be moving into position for an
attack on the city of Leningrad,
where Russian forces already are
declared to be opposing the Nazis
in house to house fighting.

German military authorities said
that the tenacity of Red resistance
has stiffened everywhere despite
shattering German blows to the Red
armies. But they added that the
systematic German decimation fac-
ies everywhere are tearing wider
gaps into the Russian ranks and un-
dermining the Soviets' staying
power.

Reds Still Holding Out

Reports from Odessa and Kiev
sectors on the southern front in-
dicate the situation there is identi-
cal. Despite the decline of both
cities in military importance, Ger-
man authorities said, the Reds are
still holding out.

Consequently the German forces
facing Odessa are bringing up heavy
artillery to blast into the Red re-
sistance, officials said.

Further north, between Kiev and
Gomel, the Russians were said to
have been out-maneuvered by the
attacking German forces and it was

Rhineland Is Again Bombed

(International News Service)
LONDON, Aug. 26.—British bomb-
ers pounded targets in Germany's
Rhineland last night and early to-
day and also attacked the Nazi-
occupied French coast.

It was understood a medium force
of bombers attacked Karlsruhe and
Mannheim despite icing conditions.
A Berlin announcement claimed
five British planes were shot down
when the R. A. F. penetrated
southwestern Germany, dropping
incendiary bombs that caused "in-
significant damage."

During the night watchers on
England's southeast coast saw Brit-
ish planes smash at the French coast
between Dunkirk and Boulogne. The
entire coastline was illuminated by
anti-aircraft fire, "flaming onions,"
tracer bullets, searchlight beams
and bomb bursts, and it appeared
that Dunkirk took a heavy pasting.

Thousands Parade At V. F. W. Convention

Russo-British Forces Launch Iran Invasion

GENERAL WAVELL

The Central Press map above shows (the black triangles) where Russian and British forces are simultaneously invading Iran (Persia), following refusal of Iran's ruler, Reza Pahlavi Shah, to expel German whose activities within the Iranian state, according to Moscow and London, constituted a menace which could not be tolerated. The joint invasion is under command of General Sir Archibald Wavell, right, whose achievements against the Italians in Africa in the winter of 1940-1941 made him one of the great military figures of the war.

Million Dollars Is Storm Damage

Eastern Seaboard Recounts
Two Dead, Scores Left
Homeless By Severe
Gale

(International News Service)
NEW YORK, Aug. 26.—Two per-
sons were dead, over 100 injured
and scores were left homeless to-
day in the wake of a gale which
yesterday lashed the eastern sea-
board between Maryland and
Maine. Property damage was es-
timated at more than \$1,000,000.

Hardest hit area was New Jersey
where 75 homes were smashed, trees
uprooted, and communication lines
snapped. George Hemple, 34, was
killed and 80 persons sustained
minor injuries in Swedesboro, N. J.,
when the strong winds bowled over
an 80-foot smokestack.

Homes Wrecked

At Woodbridge, N. J. scores of
homes were wrecked and 24 persons
were treated for injuries. Damage
also was reported in Elizabeth and
Newark. David Pinder, 48, was
killed by electric shock while re-
pairing an electric crane during the
storm at Jersey City.

In Wilmington, Del., a short dis-
tance southwest of Swedesboro, 11
planes were damaged outside their
hangars at the Municipal airport.
Eight were said to be beyond repair.
A large Wilmington lumber yard
also was wrecked. Roofs were dam-
aged and 500 trees were uprooted.

House Struck In Last Night's Storm

Firemen were called to the home
of John Grove, of 506 East Wash-
ington street, at 8:30 o'clock Mon-
day evening, during the course of
the electric storm which swept rap-
idly over the city.

A bolt struck the chimney on the
three-story brick structure, but aside
from knocking off a few bricks, and
sending down a shower of dirt, no
further damage was done.

KEARNY, N. J., Aug. 26.—With
private management out and the
United States navy in charge of the
plant, 11,000 of the 16,000 striking
employees of the Federal Shipbuild-
ing & Drydock company were due
to return to work today, thus ending
the 18-day tie up of \$493,000,000
worth of defense contracts.

The remaining 5,000 ship workers
will follow on tonight's shifts and

within 24 hours the plant is ex-
pected to be running full blast.

"We have taken all the necessary
steps to resume work with a bang,"
declared Rear Admiral Harold G.
Bowen, who was designated by Pres-
ident Roosevelt to operate the plant
after the seizure order.

The plant's four big gates swung
open promptly on schedule at 7:30
o'clock (EDT) this morning and
waiting workers began marching
through and back to their jobs.

est Axis leaders probably will meet
within the next few days to discuss
the general war situation and politi-

Urges Nation To Back President

(International News Service)
PHILADELPHIA, Aug. 26.—De-
claring America would have to
abandon its "peace-time pursuits"
for 25 to 30 years in the event of a
Nazi sweep of Europe, Civilian De-
fense Director Flavelle LaGuardia
today urged this nation to "stand
firm" behind the president.

"If Adolf Hitler defeats Britain
and Russia," LaGuardia told the
42nd national encampment of Vet-
erans of Foreign Wars in Philadel-
phia, "we shall have to continue
to arm and spend at the same rate
as we are maintaining now."

"We will have to discard our
peaceful ways of life," the mayor
of New York City asserted, "as long
as the Nazi regime continues. We
can't return to a peace-time life un-
til the Nazis are entirely destroyed."

Truck Driver Leaves Hospital

steering wheel of a big truck he was
driving through on Route 422, which
overturned on Willow Brook hill,
pinning him behind the steering
wheel, late Monday morning, was
able to leave the hospital last eve-
ning and proceed on his way.

Hill had to be extricated by the
use of a blow torch, and it was be-
lieved at first that he had sustained
a broken arm, but examination later
at the hospital, revealed this was
not the case. He had a miraculous
escape from serious injury.

British-Russian Forces Advancing Deeper Into Iran

BRITISH REPORT ADVANCE MOVING

Russians Have Progressed
At Least 24 Miles Across

LONDON, Aug. 26.—Brit-
ish and Russian forces were
reported pushing deeper into
ancient, oil-rich Iran today
but meeting increasing re-
sistance from the crack 150-
000-man Iranian army.

Invading to prevent Ger-
many from gaining a foothold
in the near eastern king-
dom, the British and Russian
forces moved forward as the
Iranian government ordered
opposition to the attack,
which struck at five separate
points.

Iranian Premier Ali Mansur, ad-
dressing an extraordinary meeting
of the parliament at Teheran, an-
nounced Iran was being attacked by
"land, sea and air."

According to a radio broad-
cast from the Iranian capital he de-
clared:
"The Iranian authorities have
taken all necessary measures in the
face of this attack."

Report Attacks
Premier Mansur told parliament
that British forces had attacked
Iranian ships and bombed and
shelled our towns."

(The official London radio quoted
the newspaper Times of India as
saying it would be "nothing short
of madness" for Britain and Russia
to leave Iran as a ground for even-
tual German menace to India, since
Iran is a key position of the Orient.)

According to latest advices the
Russians struck from east and west
of the Caspian Sea toward the north-
ern Iranian center of Tabriz and
against Asterabad. They were re-
ported to have advanced about 24
miles toward Tabriz.

Two British columns attacked
from Iraq and also landed troops at
Bandar Masfir in a move against
the rich oil center of the western
Iranian plains.

Nazis Silent On Iran Drive

(International News Service)
BERLIN, Aug. 26.—The Ger-
man government maintained an attitude
of reserve regarding developments in
Iran today and gave no hint as to
whether its support of Iran would
remain limited to diplomatic and
moral fields.

The long conversation between the
Shah and the German minister in
Teheran drew no comment in Ber-
lin, nor did the Iranian minister's
visit to the German foreign office.
Outside rumors that German aid
already has been offered to Iran
were described in Berlin as "trial
balloons."

Authorities said that German
Ambassador Franz von Papen in
Ankara is keeping a close watch on
the Turkish attitude toward the in-
vasion of Iran.
Meanwhile the German press
heavily attacked Britain and Rus-
sia for the invasion.

Oh pity the scrub on his first
day at camp as he listens to coaches
and fans, he's wretched and weary
and sore in his bones as out in the

Six Flee From Military Hospital

Report Is Made At Indiantown

Three Of Fugitives Military
Prisoners, Others Were
Patients

MAKE GET-A-WAY
IN AUTO EARLY TODAY

(International News Service)
INDIANTOWN GAP, Pa., Aug. 26.—Six soldiers of the 23rd Division, including three military prisoners, escaped from the military hospital early today.

Officials of the camp disclosed the "break" and said military police and civil authorities have been warned to "be on the lookout" for the men who escaped in an automobile.

The soldiers, confined in the military hospital where three were receiving treatment for minor ailments and the others were held pending trial for military offenses, were wearing bathrobes and pajamas when they made their escape.

Hospital officials disclosed the men fled the reservation early today but said they do not have a detailed report to make as yet.

The names of the fugitives were given as:
James Carey, George Phillips, and Richard Sigman, all awaiting trial for military infractions, and Henry Defelice, Robert Lewis, and Lewis Schwartz, confined to the base hospital for minor ailments.

Steal Key
Indiantown Gap, Pa., Aug. 26.—Six soldiers, including three military prisoners, escaped today from the hospital at Indiantown Gap camp, training site of the Pennsylvania 28th Division, after stealing an attendant's key.

All six made their way unnoticed from a ward and fled in an automobile believed to have been owned by one of their number.

A search of the nearby Blue Mountains was instituted shortly after the men were discovered missing. Three of the fugitives were prisoners brought here from other camps to await trial on minor charges and the remainder soldiers of the 28th Division confined to the hospital with various ailments.

Desperate Fighting
In that area desperate fighting is in progress, with surrounded Soviet units lashing back furiously in an attempt to escape from the German iron rings. German authorities said it was extremely

doubtful that many of these trapped forces would be able to get away.
With the Dnieper bend now in German hands, it was stated, and with the Germans now entrenched high on the western banks, Berlin authorities predicted the Ukraine offensive soon will enter a second phase, a drive across the river as soon as preparations have been completed.

ingly hampered German military movements on other sectors of the front.

Novgorod, north of Lake Ilman and one capital of Medieval Russia was abandoned after a lengthy battle. Its fall impelled the important Leningrad-Moscow railroad, 40 miles to the east.

(The German high command claimed capture of Novgorod several days ago.)

Earlier Russian reports claimed Red army counter-attacks had smashed six enemy divisions, four of them Rumanian, and had taken a heavy toll in war materials from the invaders.

Finnish Near Viborg
(A dispatch from Stockholm said Finnish forces have surrounded the Russian stronghold of Viborg (former Finnish Viipuri) and that the Viborg-Leningrad railway has been cut.)

In some places the Finnish advance was claimed to have swept within three and a half miles of Viborg. Another Finnish column advancing south along the western shores of Lake Ladoga was reported to have captured Sortavala trapping a large force of Russian troops.

(The London Daily Mail published a Stockholm dispatch stating Russian counter-attacks were assuming a general character along the entire front, with Red troops attacking fiercely in the Novgorod sector, the Waldai hills southeast of Novgorod, the central Smolensk-Gomel zone and in the Ukraine.)

In the Ukraine, the dispatch said, the forces of Marshal Semyon Budenny are "no longer purely on the defensive, while to the north German attempts to advance beyond Kingsepp toward Leningrad were stated to be "crippled by Russian flank attacks from Estonian bases."

this area, and it appears to Pa Newc that some of the trucks are piled up higher than is desirable. Considerable of the coal is jolted off along the way, and if a passing auto chances to be in the vicinity when a rough spot is reached by the truck, it is apt to get a shower.

These are days of unusual activity in industrial lines, Pa Newc is informed that several carpenters were busy engaged in construction of a new house along the Perry highway, north of Mercer, on Sunday.

Mr. and Mrs. L. C. Hogue of 919 Morton street have a night-blooming cereus, which bloomed on Sunday night and was the center of attraction in that neighborhood from 7 o'clock until midnight. The flower when in full bloom was nine inches in diameter and four inches in depth. It was pure white, with a perfect cradle center and a star.

Its wonderful odor could be detected at a considerable distance.

On Monday, an automobile, bearing a Puerto Rico license X-4-57, attracted much attention as it passed through the city, going east. A police officer believed that the passengers were Puerto Ricans.

If lots of New Castle folks had known how hot it was last night they would probably have imagined they were suffering from the heat. The lowest temperature during the night was 71 degrees. However there was a real nifty of a breeze going.

Neighbors have been interested in a bird that frequented the backyards of Dr. G. E. Seal and Frank Dean on East Washington street for about a week. Its plumage was of light brown, grey of breast, with slender beak, slightly hooked downward on the end. It worked its way through the closely growing flowers and shrubs, sometimes perching on the low "branches" of the dahlias, taking a nap. It was somewhat tame. From the description given, Owen Fox states that the bird is possibly the brown creeper and that it was feeding on insects found there.

Robert P. Patterson, undersecretary of war, called on Americans at a VFW banquet to stiffen civilian morale in the face of the present international conflict. Army morale would take care of itself in due course, he declared.

In a less serious vein, 3,000 veterans jammed mid-city streets in a hilarious parade of the military Order of Cooties—fun-making branch of the VFW. Traffic was at a standstill while the grotesquely garbed veterans staged their annual open-air caucus of merriment.

Deaths of the Day

Mrs. Sarah Grass
Mrs. Sarah Grass, aged 86, of 1209 South Mill street, passed away Monday evening at 5:30 o'clock, death being caused by complications. She was the widow of the late Nathan Grass.

Mrs. Grass was born in Maryland on January 26, 1855, daughter of Solomon and Nanna Kaufman. For the past three and a half years, she had been making her home with her nephew, Morris Minzer, at 1209 South Mill street.

One son, Jake, one daughter, Mrs. Nanna Duke, both of Birmingham, Ala., and six grandchildren, survive.

The body has been removed to the Ritchie funeral home, South Mill street.

Funeral arrangements are incomplete.

Jane Wawrzynski.

Jane Wawrzynski, aged 20, passed away at her home, 211 Preston avenue, Monday afternoon at 12:40 o'clock.

Miss Wawrzynski, born in New Castle on January 26, 1921, daughter of John and Anna Wawrzynski, had spent all her life in this city. She was a member of Holy Trinity Polish National Catholic church.

Surviving are her parents; three brothers, Joseph of North Tonawanda, N. Y., Edward and Frank at home, and four sisters, Mrs. Leotadia Audria, Mary Mrs. Francis Natalie and Julia, all of New Castle.

Funeral services will be held Thursday morning at 9 o'clock from the residence with further services at 9:30 o'clock in the Holy Trinity Polish National Catholic church, Rev. L. Wzrzesinski will officiate. Interment will be in Holy Trinity cemetery.

Smith Services.

Funeral services for Charles Wesley Smith of Los Angeles were conducted Monday afternoon at 2 o'clock from the Offutt funeral home, North Mercer street, with Rev. Charles J. Burton, pastor of St. Andrew's Episcopal church, in charge, assisted by Dr. Grant E. Fisher.

Palbearers were Gale Smith, Roy Donaldson, F. W. Donaldson, Clare Gilliland, Herman Long and Russell Willison.

Interment was in Oak Park cemetery.

Surviving Mr. Smith, a former resident of this city, are one son, Russell D. Smith of Los Angeles, one daughter, Dorothy Jane of New Castle, and the following brothers and sisters, Hannah J. Lenx, David R. Smith, Thomas F. Smith, Margaret E. Donaldson, William M. Smith and Sara L. Peilly.

Mrs. Beck Funeral

Funeral services for Mrs. Howard H. Beck, 219 Lincoln avenue, were conducted this morning at 11 o'clock from the First Presbyterian church with Dr. J. J. McVaine, pastor of the church, officiating.

During services Mrs. James Rugh sang two favorite selections of the deceased.

BRITISH RUSSIAN
FORCES ADVANCING
DEEPER INTO IRAN

(Continued From Page One)

cast the joint Anglo-Russian attack was already under way when the Iranian government was informed of the move by the British and Soviet envoys at Teheran.

Premier Mousavi announced that the British and Russian ministers called on him at 4 a. m. yesterday and presented notes informing him of the joint attack.

In his address to parliament Mousavi stressed that Iran always had followed a policy of strict neutrality and said:

"Despite this the British and Russian governments presented a memorandum to the Iranian government on Aug. 16 asking it to expel a majority of the Germans from Iran."

The premier said his government replied that Iran was carefully watching the activities of all foreigners and pointed out that no danger could result from the small number of Germans in Iran.

"With a view to calming the British and Russians," he said, "the Iranian government took special measure to reduce the number of Germans. The government was doing its best to satisfy the British and Soviets."

Despite all the efforts of Iran to preserve peace the British and Soviet representatives arrived at 4 o'clock in the morning and presented a threatening ultimatum.

Mousavi said reports indicated the British and Soviet forces already were crossing the Iran frontier when the envoys were at his house.

Occupied Oil Territory

Simla, India, Aug. 26.—British occupation of Iranian oil installations at Naft-i-Shah near the Iran-Iraq frontier and of the small Iranian town of Quashehrin was announced in military communique today.

Indicating the British push into Iran from the Iraq frontier is moving forward smoothly, the communique stated both points were occupied "without serious opposition."

The communique said there was no indication of a hostile feeling against the British on the part of Iran's inhabitants. It added that the rapidity of the operations so far had resulted in minimum losses to Iranian personnel.

According to the communique British air-borne troops have taken steps to protect the families of British employed by the Anglo-Iranian Oil Company.

KEARNY PLANT
RESUMES; NAVY
IS IN CHARGE

(Continued From Page One)

There was no show of military or naval force.

Admiral Bowen, a florid-faced, gray-haired man of about 60, whose horn-rimmed spectacles gave him a benign appearance, said he has received the full cooperation of the management, headed by L. H. Korn-dorf, president of the seized shipyards, and of officials of local 16 of the C. I. O. industrial union of marine and shipbuilding workers.

Pickets were withdrawn by the union Sunday evening when the navy took over the plant, Monday was used by Admiral Bowen in making ready for the influx of workers today.

Will Build 566 Merchant Ships

(BULLETIN)

WASHINGTON, Aug. 26.—The maritime commission today announced a program to build additional merchant ships for defense and lease-lend aid to democracies, which will virtually double existing construction.

Following closely upon presidential approval of a \$7,000,000,000 appropriation bill for the army, navy and maritime commission, the commission announced that it would build 566 additional merchant ships together with necessary new shipyards, equipment, etc., at a total cost of \$1,248,650,000. In addition, the commission will expend \$350,000,000 to purchase, charter, repair and operate other merchant vessels.

Mrs. Case Confirms Her Coming Marriage To Governor James

(International News Service)

DOYLESTOWN, Pa., Aug. 26.—Mrs. Emily Radcliffe Case, attractive 46-year-old widow, today confirmed her approaching marriage to Gov. Arthur H. James and said the engagement would be announced formally by her mother, Mrs. Emaline Radcliffe, of Doylestown.

Mrs. Case made the announcement at the home of her sister, Mrs. Charles Rowe, where the governor spent the week-end. The bride-to-be said the marriage will take place "very soon" while friends expressed belief the ceremony would be within the next fortnight.

The marriage, it was said, will be performed by the Rev. Myer M. Hostetter at the Doylestown Presbyterian church before Governor James returns to Harrisburg. Mrs. Case is the widow of a former Cornell University medical professor and she has no children. The governor, whose wife died in 1935, has a daughter, Dorothy, 24. His son, Arthur, Jr., died in 1932.

McCREARY-BENDER WEDDING IS QUIET

A pretty wedding of the late summer season was that which took place in the old McCreary homestead on the East Brook-Neshannock Falls road on Saturday afternoon, August 25, at 2:30 o'clock when Miss Reba McCreary, daughter of Mr. and Mrs. S. A. McCreary of Volant, was united in marriage to George Bender, son of Mr. and Mrs. Michael Bender of Wildwood avenue, this city.

The vows were pledged before an improvised altar of colorful garden flowers, artistically arranged with the Rev. Robert E. Douglass, pastor of the East Brook U. P. church, officiating, using the single ring ceremony. Only the immediate families witnessed the event including out-of-town members from Canton, O., and Chicago, Ill.

For her wedding, the bride wore a street length gown of powder blue crepe with black accessories complemented with a shoulder corsage of pink roses and blue delphinium. As maid of honor, Miss Patricia McCreary, sister of the bride, was attired in a pink shantung dress, also with accompaniments in black, and a corsage of roses.

Daniel Bender served his brother as best man.

Mrs. S. A. McCreary, mother of the bride, wore a blue and white beaming sheer with blue accessories and her shoulder corsage was made up of Talisman roses and strawflowers. The bridegroom's mother, Mrs. Michael Bender, chose a blue print sheer with accompaniments in black, with a similar shoulder bouquet.

A short congratulatory period was followed by a wedding luncheon, served at a table attractively appointed in the nuptial motif, white flowers being used with the traditional wedding cake, baked by Mrs. K. K. McCreary, forming the centerpiece.

Later in the afternoon the young couple left for a short trip, and upon returning will be at home at 503 Neshannock boulevard.

The bride, a graduate of East Brook High, attended Westminster college and has been connected with the Shenango Pottery. The bridegroom attended New Castle High and is employed at the Shenango Pottery.

GAINS FOR BRITAIN

ASSUMING that Washington dispatches, which describe President Roosevelt as confident that Stalin will continue to hold out against Hitler, are correct, the military men who attended the Roosevelt-Churchill conference who have inside information from the Russian front must be of that mind, with real reasons for backing their belief.

This would seem to mean, among other things, that Churchill is counting on at least four major advantages arising from delay to Hitler's original designs as to Russia. First, the invasion of England is postponed, if not indefinitely then until spring. Second, in the absence of complete Hitler victory in Russia the chances of new acts of aggression by Japan in the Orient are not so great. Third, with occupied Russia to be garrisoned, Hitler will fall short of the needed forces to move on Persia. Fourth, the necessity of holding down a hostile population in the Ukraine, White Russia and around Leningrad may halt any Axis plans for an assault on Egypt the coming winter.

These are all material gains for Great Britain. Within a year they can culminate in a situation in which Churchill can put the British armies across the channel and take the initiative in an aggressive advance against Hitler on the continent, which is inevitably to be part of the picture of the present conflict.

THE YOUNG DRIVER—A PARENTAL PROBLEM

When your youngster takes the wheel of your motor car, you are faced with a problem that is worrying every parent of teen-age boys and girls all over the country. Will you be able to impress your daughter with the need for constant vigilance when she is at the wheel? Will you be able to give your son the elements of careful driving which he must know in order to sidestep danger? Will the driving instruction you give him guarantee his safety? Here are a few facts which indicate the enormity of the problem of youth at the wheel.

Approximately 30 per cent of the fatal accidents in 1940 involved at least one driver under 24 years of age. A recent study indicates that except for drivers 70 years of age and older, boys and girls who are eighteen to nineteen years old are more apt to have accidents than any other age group. Out of every 10,000 drivers in this age group an average of 14 are involved in fatal accidents yearly. From 1922 to the present time, fatal injuries to youngsters between 15-24 have increased 144 per cent.

That this is a problem of youth at the wheel is shown by the fact that in 1940 almost 5300 young drivers and occupants of motor cars were killed. Safety engineers and traffic scientists are agreed that the young driver presents a problem that must be solved through proper education on the safe operation of motor vehicles.

Accepting this challenge as a part of its broad program, the Western Pennsylvania Safety Council gives this safety message to parents and young Americans just learning to drive with hope for their co-operation in this national effort to prevent accidents.

WE MUST WORK TO PRESERVE FREEDOM

It has been stated on more than one occasion that a free government cannot be set up and perpetuated by democratic machinery alone. Something more is required than a system. What is needed is a nation of people who have the determination, the ability and the self-sacrificing spirit to carry on with a free government. Freedom therefore does not live in the machinery of free government. It lives in the hearts and minds of men. A people to enjoy a free government must first have an intense love for liberty, an affection which will prompt personal sacrifice if necessary. Furthermore they must have the intelligence to conduct the governmental machinery along proper lines and to avoid the pitfalls of paternalism and bureaucracy.

It is this fact which prevents the practicability of spreading the four freedoms throughout the world by the sword. Democracy cannot be forced on any people. It must be inherent and must flow from the ground. As Virgil Jordan said recently we "should remember that liberty is not granted us by grace of governments, constitutions, courts, or congresses, nor can we depend upon these permanently to preserve and protect it for us. It does not prevail or persist by the power of political traditions, parties, personalities, or laws. Liberty springs solely from the spirit of those common citizens who have the will and courage to create it for themselves, the strength and integrity to accept its responsibilities and pay its price, the valor, vigilance, fortitude, and fidelity to defend it with their life against its unseen, incessant, and insidious enemies—indifference, ignorance, indolence, and injustice. Save as it is more precious to us than prosperity, peace, comfort, or security, it will never exist or long endure among us. Every man in each generation must renew and replenish its spirit in himself, and none can demand it for himself and deny it to others without destroying it for all."

Here is the truth of the matter. Free government in America has survived because the people wanted it, were brave enough to sacrifice for it when necessary and intelligent enough to keep the wheels of free progress going. When they fail to do this for themselves and delegate someone else to do it, then all the free governmental machinery in the world will not save them. We cannot get freedom through the ministrations of a bureaucracy at the nation's capital and its thousands of agents throughout the land. Neither can we force it on a people who have neither love for it nor the ability to perpetuate it.

The Parent Problem

By Garry C. Myers, Ph.D.

TEST CHILD FOR DEFECTIVE HEARING

Suppose you were a child who could not hear well. Then, suppose your parents and teacher didn't know your hearing was impaired. You probably would be told at home and at school that you didn't pay attention as you should. You might be called lazy and indifferent and be scolded, and punished. Not hearing well, how could you seem to be alert? You could not do as well as other children, though you be as bright or brighter. On the playground, at home or at school, your playmates might consider you dull or queer and even make fun of you when you didn't catch on. We little realize the number and degree of tragedies of children who do not hear well.

Recently I asked Miss Agnes Stowell, co-author of "Lip Reading for the Deafened Child" to give some information to pass along to readers.

Deaf and Hard of Hearing

"What's the difference between a deaf child and a hard of hearing child?" I asked.

"A deaf child," said Miss Stowell, "lost his hearing before he acquired the habit of connected speech, while a hard of hearing child lost some of his hearing after he acquired the habit of connected speech."

"The deaf child," continued Miss Stowell, "must be taught by artificial methods by highly trained specialists, if he is to acquire speech; the hard of hearing child must acquire it, as you and I do, by listening."

"And how may we discover the hard of hearing child?" I next inquired.

"One good way is by means of the 4-B audiometer, with which 50 children can be tested at a time. Every good school should have and use an audiometer on all its children. The old-fashioned way with the watch or exhausted whisper is not reliable."

Audiometer Test

As you probably know, the audiometer looks like a victrola, with 50 headphones. It is so calibrated that hearing losses can be marked in steps from 0 to 30 decibels.

If you were the child being tested, you would at first hear (from a record) the loud voice of a man saying, "You may now write the figures in column one." The voice would disappear gradually as the figures were repeated.

Nearly All Can Be Cured

Where the child ceases to hear and write the numbers correctly shows the limit of his hearing sharpness. A child who shows a hearing loss of 6 or more, after a retest, should be sent to an ear specialist who tests him on a 2-A audiometer and makes a physical examination. Found to have a hearing defect, this child should have proper medical treatment. If taken in time, 45 out of 50 can be cured.

The hearing test should be repeated when the child returns to school following illness, especially after measles or scarlet fever. So advises Miss Agnes Stowell.

WALKING ALONE

"This," said my father, "whatever you do, remember that boasting does nothing for you."

Remember that courage, achievement and skill

Can speak themselves and forever they will."

But this is a triumph I think should be known;

Ellen Elizabeth's walking alone!

It is a credit belonging to me

As much as an oyster about it I'd be.

If it were something which I had achieved

No word would I utter to be disbelieved.

But this is a glory we're happy to own;

Ellen Elizabeth's walking alone!

Were I promoted beyond my desert

Or granted a medal to pin on my shirt!

Did fortune or fame smile upon me today

Never a word of my triumph I'd say

But this I must shout in my proudest of tone:

Ellen Elizabeth's walking alone!

Nine months or under, the date is in doubt

But already unaided she's walking about!

Already to reach you with arms in the air

She'll come at your bidding unaided I swear.

If boasting be sinful, my faith, Lord condone;

Ellen Elizabeth's walking alone!

An archeological expedition of the Chicago Field Museum of Natural History has just discovered a "hitherto unclassified civilization" among the aboriginal Americans of 1500 years ago.

Excavations made near Glenwood, N. M., uncovered a number of "pit-houses," the dug-out homes of early inhabitants of the ancient settlement known as the Su Ruin, in the Apache National Forest.

Vast amounts of bone tools, stone weapons and household utensils have been turned up.

What of the subterranean air-raid shelters they will find—what of the remains of 1941 barbarism, which we jokingly call "civilized warfare?"

We may be masters today—but only aborigines tomorrow!

SOLDIER BOY

The world is full of trouble And war on every side. A soldier left his sweetheart, And many left a bride. We needed you, dear Soldier Boy, And missed you, dear Soldier Boy, But Uncle Sammy's calling now And what is there to do?

Be brave and true, my Soldier Boy, Don't shrink from any task. For the country you have back of you Will fight till the very last. And when the troop train pulled away

We surely all felt sad; But when we see it coming back We'll surely all feel glad.

It's true your sweetheart's lonely And struggling best she can; But off when walking down the street She reaches for your hand. But I surely know that he'll come back

When he fills that great command. Now if you are called on the war Maybe that sounds very tough. For the water most always runs smooth, you know.

But sometimes gets awfully rough. But don't give up, dear Soldier Boy. Till the enemy's head is enough.

It's true your sweetheart's lonely Since you took that hero stand— Fighting for your country And standing by Uncle Sam. Be brave and true, my Soldier Boy, And do the best you can. For God is on the water Just the same as on the land.

Now, Soldier Boy, when you return If it be night or day We'll know you did your very best For the good old U. S. A. I hope the sun will shine again And the clouds will roll away.

And when our boys come back again They'll all come back to stay— By Margaret Simon Shoaff.

Could Russia Possibly Go Democratic?
Can Stalin Be Converted To New Methods?
Questions Asked In London And Washington

By CHARLES P. STEWART

Central Press Columnist
WASHINGTON, Aug. 26.—Could Russia conceivably be transformed into a democracy?

Is it imaginable that it believes it is one now?

Have President Roosevelt and Prime Minister Churchill some sort of a lurking notion that maybe they actually can convert Comrade Stalin into a genuine democrat? Is that one of the things they want to confer with him about, in addition to conferring with him relative to wartime policies?

These questions are being asked in Washington and maybe in London, too.

Even those who ask them don't answer themselves very believably in the affirmative. Nevertheless, it sounds odd to hear such queries put.

It's understandable why the world democracies' leaders deem it wise to aid the Muscovites all they can in the latter's fight with the Axis. Their opinion is that their imperative first consideration is to see Hitler's and Signor Mussolini's types of totalitarianism destroyed, leaving Bolshevism to be worried about later on.

All the same, numerous suggestions have been made that Joe Stalin's system is due to be an exceedingly difficult institution to be democratically dealt with after the war, assuming the Nazis and Fascists' extinction as a result of the pending conflict. Joe, on that supposition, having been very helpful to 'em, it'll be hard for the democracies to resume being dead against him as heretofore, and yet they certainly won't like Bolshevism any better than ever they did.

But suppose that Joe Stalin himself and the rest of the Bolsheviki have, in the meantime, become democrats?

Hints From Moscow
Perhaps it's only wishful thinking, but it's a fact that hints have been coming from Moscow lately that are democratically favorably interpreted.

The Soviet folk manifestly are highly appreciative of their alliance with Britain and the readiness to send 'em all possible supplies from the United States—on credit, if necessary, and it's made clear that we don't care much whether or not we ever collect.

I've referred already to the flood of news releases that Russian Ambassador Oumansky has been putting out from his Washington headquarters ever since the Nazis launched their attack on his home country and it became apparent to him that our sympathies generally were on his side of the campaign. Before that he hadn't peeped for publicity. Now he's a very correspondent in the capital, get mimeographed pages and pages from him daily, bidding for American support.

And there's scarcely a page that doesn't emphasize Russia as a democracy.

A quotation from the Moscow newspaper Izvestia, was illustrative. It directly followed conclusion of the Russo-British pact.

This agreement, said Izvestia, as quoted, "puts both great countries in the same camp of democratic nations devoted to the noble ideal of the destruction of the most pernicious foe of humanity culture and civilization."

"Democratic nations!"—mind you, Russia's one of 'em, according to Izvestia and that release of Ambassador Oumansky's.

Traditional Friendship?
The ambassador's literature also strongly stresses Russia's traditional friendship for the United States, dating back to czarist days and to the sociability of the two countries across Behring Strait.

But that Communistic Russia's a democracy is a different thing. Is it just dressing itself up in a democratic disguise in an emergency? It is honestly flopping democratically!

Russia's revolution from czarism is getting quite intensively analyzed. Originally it was intended to be an anarchist revolution. Anarchism is the ultimate of democracy—so violently ultimate that no rational student of society believes that it can be made to work. It didn't work in Russia's case, but drifted into a despotism about as bad as the czar's.

Now it is trying to readjust itself into something sensible, along democratic lines?

That's what Washington and probably London, are wondering.

Daily Dozen
(From the Medical Society of the State of Pennsylvania)

Laziness is one thing—fatigue is something else. Laziness may be caused by lack of interest in one's work.

Ill health, infection, malnutrition may cause laziness.

There are two kinds of fatigue—normal and pathological.

Normal fatigue follows a good day's work and accomplishment.

The tired man is happy to return to home to his family.

He eats a good dinner, relaxes, then sleeps soundly all night.

In the morning he is ready and eager to carry on.

Pathologic fatigue is devastating in its effects.

A person is tired and cross and indulges in self-pity.

He says he is too tired to eat or sleep, and nags and scolds.

This kind of fatigue is one of worst kinds of neuroses.

Words Of Wisdom
Misery so little appertains to our nature, and happiness so much so that we lament over that which has pained us, but leave unnoticed that which has rejoiced us.—Richter.

The World and the Mud Puddles

THOSE MOTOR COURTS

West of the Mississippi hotel men are finding no end of competition because of motor courts. Most of these motor courts are very attractively built and arranged. You will find them besides the highways leading into the cities. The buildings are well built and beautifully furnished. They generally surround a square or circle, in the center of which is a grass plot and flower beds. You secure one of the small houses and find a good-sized bedroom, furnished with Grand Rapids furniture, rugs and all the paraphernalia of a bedroom in a first-class hotel; a bathroom, with shower and bath, and windows on all four sides of the house. Many of these houses are air-conditioned in one way or another. There is a place for your automobile. The price is very alluring. It is from one-half to one-fourth of the price of a similar hotel room.

Some of these courts also have a dining room. However, not many of them have this convenience as yet, but you have your automobile and you can very quickly reach a satisfactory dining room, but it will not be long before most of these auto courts have their own dining rooms. As an adjunct, or perhaps I might put it the other way around, some of these courts are an adjunct to a very complete service station, with night and day service, so if there is anything about your motor car that needs attention, that service will be given while you are asleep and you are not delayed in the least.

This is just one of the things that happen because of the automobile.

East of the Mississippi you will find very little of this. You will find occasionally a motor court, but a very inferior one; one that you would not patronize, but as a rule you will find none of them.

Why? I do not know, but I believe it will not be long until you will find a chain of these courts from the Atlantic to the Pacific. Today there is a book published containing pictures of many of these courts, telling their location, accommodations and price. But in this book you will find practically no courts East of the Mississippi, except a few in the Southern States.

There is an odd thing about these courts in the West. You will find the beautiful ones East of the cities, welcoming the Easterner to the West. The West knows where to find them and consequently, there are comparatively few attractive courts on the West side of western towns.

What Noted People Say

(International News Service)

ATLANTIC CITY—Paul V. McNutt, federal security administrator, contends that the current war no longer represents an issue of nation against nation.

"It is a question of man himself against the forces of despotism and oppression."

Brindle Announces For School Director

First Ward Business Man Seeks
Republican Nomination
On September 9th

LESLIE BRINDLE

Leslie Brindle of the Brindle Printing company, who resides at 403 North Jefferson street, today announces his candidacy for one of the three Republican nominations to the school board at the primary to be held September 9. His announcement follows:

"In aspiring to the office of school director I do so, realizing that it is a position which calls for sound business judgment, many hours of service and without any compensation. If nominated and elected I will devote my time and judgment to the operation of the schools of our city, the city in which I have been reared."

"As a parent of three school age children and as a taxpayer I realize that it takes considerable money to operate the schools. The best school director is he who gets a dollar's worth of value for a dollar and who also realizes that our schools should be the best we can secure with the money we have available."

"In my judgment the office of school director is one in which politics should not enter but sound business judgment should be the first consideration. I am a candidate because I believe my 30 years of business experience qualify me to serve as a director of our school system and I ask the support of the Republican voters. If nominated and elected I will have no political debts to pay and no factions to whom I must answer."

Approve Probe Of Gas Shortage

(International News Service)

WASHINGTON, Aug. 26—A congressional inquiry into the shortage of gasoline and federal orders for rationing this commodity was approved unanimously today by the senate commerce committee.

At the same time, the committee authorized an investigation of the administration of priorities of various defense materials.

The action came as Leon Henderson, federal price and supply administrator, was announcing that rationing will be established on gasoline on the eastern seaboard "within 18 hours." He said his decision was prompted by a survey showing that dealers "are wilfully profiteering at the expense of motorists."

You will pay less if you pay your loan ahead of time since you pay charges only for the actual time you have the money. Payments include charges at Household's rate of 2 1/4% per month on that part of a balance not exceeding \$100, and 2% per month on that part of a balance in excess of \$100. This rate is less than the maximum prescribed by the Small Loan Law.

CAN you make good use of \$100? Investigate our loan plans today. Household Finance offers three simple ways for you to borrow up to \$300. Your loan will be made the way which best suits your own situation.

1. Signature loans. No security needed. These loans are made, under proper conditions, to both single persons and married couples.

2. Auto loans. A loan on your car may best fit your needs.

3. Furniture loans. Here character and regular income are far more important than the value of your security. Many borrowers use this plan.

No endorsers needed
Whichever way you borrow, it is not necessary to ask friends or fellow-workers to act as endorsers. And at no time do we question friends or relatives about your money affairs. You get the loan you need simply, privately and speedily.

Will Fix Price Of Retail Gas

(International News Service)
WASHINGTON, Aug. 26.—Federal Price and Supply Administrator Leon Henderson today stated that a program setting retail gasoline prices in the eastern seaboard area where rationing is now in progress will be announced "within 48 hours."

Henderson made his statement in a telegram to Thomas P. Henry, president of the American Automobile Association, who had asked Henderson for an investigation of soaring gasoline prices.

Gymanfa Ganu Told In Readings, Songs

Rotary's Luncheon Program
Tells Significance Of
Coming Festival

A program of Welsh songs and readings imparted to New Castle Rotarians yesterday the religious significance of the Gymanfa Ganu, the national Welsh song festival which takes place at the Cathedral here over the coming week-end.

The luncheon numbers, arranged and announced by Ross D. Rosenberger, of Rotary, included vocal selections by a quartet composed of David Rees, Charles Richards, Mrs. Albert Jones and Mrs. David Owens, and readings by Griff Thomas and Mr. Rosenberger. Edwin Lewis, official accompanist for the coming festival, was the luncheon accompanist.

The religious background of the festival was told in the readings and illustrated in the songs.

Plans have also been made for a wiener roast, to be held on August 28, at Cascade Park. Pauline Peluso is chairman, and her aides include: Charlotte Leonardo, Rita Leonardo, Rita Metz, Josephine and Helen Ritchie, and Catherine Paglia.

Banquet Held For Bocce Teams

New Castle Sons Of Italy Bocce
Team Wins From Cuyahoga Falls Team

Members of the local Sons of Italy bocce team defeated the Cuyahoga Falls bocce team, when they played the league game at the Sons of Italy bocce court, South Mill street, Sunday afternoon. The game started at 2:30 o'clock and a large crowd was in attendance.

At 10:30 o'clock, the guests were greeted at the airport by the local members. Clyde Badger, chief deputy sheriff and Paul Stark, deputy sheriff.

A delicious full course chicken and spaghetti dinner was served in the dining room of the club at noon. Adolph DeGennaro was toastmaster, and after the meal, introduced the following out-of-town speakers: Patsy Pelia, president of the Athletic club; Frank Lange, team director; Louis Caproletti, manager; Ben Johnson, captain; Otavio Clevia, assistant captain; Angelo Lavelli, Joan Davano, Frank Alexander, vice-presidents; Louis Cioffi, secretary; Sam Longhitano, corresponding secretary; Nick Carvarella, Cuyahoga Falls sheriff. Local speakers included: Cosmo Galasso, Joseph Cozza, president of the juvenile lodge; Al Scarazzo, James Scarazzo, Joseph Paglia, president of Sons of Italy. The local bocce team and officers also spoke: Joseph Paglia, coach; Joseph Corio, business manager; Vito Colello, treasurer; C. Baptiste, captain; Tony Maroldo, assistant captain; captain; players, Bill Phillip, Frank Cherby, Armand Ascione, Gabriel Petrucci, Andy Russo, Lawrence Conti.

The program closed with the singing of "God Bless America."

This banquet was the fourth held by the club, and its success is due to the cooperation of the general chairman, Guy Natale, and his aides Vito Colello, assistant, dining room, Mrs. Vito Colello, chairman; Mrs. Edith Semione, Mrs. Nancy Brescia, Patsy Reda, Jimmy Casavilla, Gabriel Petrucci, Lawrence Conti, Louis Bosco, kitchen, Mrs. Clotilda Ross, chairman, Mrs. Antonietta Armando, Mrs. Mary Berardi, Mrs. Mary Alfieri, Mrs. Elizabeth Cubellis, Mrs. Jennie Sfredda and Mrs. Isabella.

In the evening, a period of dancing was enjoyed, a local orchestra providing the music. Refreshments were served later. On Sunday, August 31, a special meeting will be held in the King Humbert hall, Division street, for the Sons of Italy club members.

Lions International Leader Guest Today

Carbis A. Walker, Naval Commander, Attends Luncheon Here

Carbis A. Walker, of Winston, Salem, N. C. and Mobile Ala., a former director of Lions International and candidate a few weeks ago for the third vice presidency of that large service organization, was a guest today at the weekly luncheon of New Castle Lions in The Castleton.

Walker, recently elevated to lieutenant commander in the United States Navy, is here to visit his mother's home in Plaingrove. The naval rank is equal to a majorship in the army.

At the recent New Orleans international convention Walker lost the coveted vice presidency post by a narrow margin. The New Castle club supported him in the election.

Accompanying him are his wife and two daughters, Jane and Jo Anna.

does a puppy become a dog? G. D. Peyton, head of Houston's dog pound, has an answer. As far as he and the dog catchers are concerned, a puppy becomes a dog when it gets big enough to run around on the streets. The question was raised by a woman whose dog had just had nine puppies, and wanted to know if she had to buy nine dog licenses.

COP SNARES GOAT.

New Castle District Should Have Ample Gas For Labor Day

Service stations in the New Castle district should have ample supplies of gasoline to meet Labor Day week-end demands, a spokesman for the local gasoline distribution firms said this morning.

"I think the stations will have enough for the usual holiday demand," the oil man declared. "Most of them will get a fresh supply on Friday and Saturday, a quantity which will be charged against their September quotas."

The spokesman indicated some outlets here "may go dry" tomorrow or Thursday, but he thinks those same stations will have new supplies late in the week.

Ration Gas On Super-Highway
One head of a local oil concern returned from the east yesterday to tell about a "close call" out on the "dream highway"—the stations along it ration gas to you, he said, and, for the information of all, they operate on Daylight Saving Time.

Theophilus "Ted" Speck, commission agent for Tide Water Associated Oil Co., who had the experience on the super-highway, warned others to make sure they're well supplied on that road if the deadline hour of 7 (Daylight time) approaches.

Speck said that in the east he found no trouble filling his tank whenever he wanted to.

Local stations, like all through the east, are affected by the 10 percent reduction order of Federal Oil Co-ordinator Harold L. Ickes.

None of the Greer Tin Mill site buildings acquired by the city from the Carnegie-Illinois Steel company are being wrecked. It was stated today by David O. Davies, city councilman.

He said that the buildings from which A. Deitch & company are salvaging scrap are the old side hot mill, the new side hot mill, annealing room and boiler house.

The concern, Davies stated previously had contracted with the company to salvage what material the company desired and that left in those buildings would go to the "wrecking company".

The city has an inspector on the site protecting the city's interest in more than a score of buildings.

Shelby's Big Guns Roar For First Time

(By JOHN BALL)
(Special News Correspondent)
CAMP SHELBY, Miss., Aug. 22.—While the governor of Mississippi watched intently the peaceful atmosphere of Shelby's surrounding countryside was shocked by the explosions of man-made thunder emitting from the brilliant muzzle flashes of the army's second largest artillery pieces.

The huge 155 millimeter long rifle field guns—the heaviest artillery stationed at this reservation, were making their debut.

Approximately three hundred interested spectators, honored by the presence of Gov. Paul B. Johnson of Mississippi, observed the aggressive One Hundred and Ninth Field Artillery of Pennsylvania in action.

The "Keystone State" artillerymen demonstrated the greatness of their giant mobile cannons with actual firing conditions created for range firing. Set in deep recoil pits, the fifteen-ton armament was cleverly blended with the pineland terrain by military camouflage.

Witness Spectacle

Among the notables also witnessing the impressive spectacle were Senators C. W. Sullivan and Theodore Bilbo; Mayor George Calhoun of Hattiesburg, Miss., and representatives of the New Orleans Chamber of Commerce.

Lieutenant Colonel John T. Bell of Punxsutawney, Pa., commanding officer of the "big gun" regiment was host to the civilian delegation.

A thrilling reality for the members of the gun crew climaxed a training period of seven months which had consisted chiefly of simulated firing of the artillery.

But this week the V Army Corps biggest guns "spoke in loud voices."

With the order to "Fire!" ringing over the communication wires, the christening of the 190th's weapons was executed officially as Colonel Bell pulled the lanyard setting off the propelling charge in the gun's

19½ feet of steel tube and 96 pounds of TNT destruction went screaming through space in a dynamic sound-picture of breath-taking concussion.

The target range was purposely set at a close distance of 6500 yards for these guns that normally fire at an effective range of six to ten miles.

Governor Johnson also gamely took position in the safety pits behind one of the guns and fired a successful charge.

The governor was highly impressed by the effectiveness of this regiment's training and commented on Pennsylvania hospitality. Conventions and safety precautions had been erected for the spectator-body and food and refreshments were served to all guests from a field kitchen.

Gunnery Crews

The gunnery crews composed of Pennsylvania artillerymen represented Batteries A of Sunbury, D of Bellefonte, D of Clearfield, E of Punxsutawney, and F of New Castle, Pa., with the cannoners of these batteries having the honor of manning the giants for their initial firing tests.

Major Karl H. Shriver of Pittsburgh and Major John H. P. Buttner, State College, Pa., the regiment's artillery officers, conducted and coached this week's firing.

Officers of the regiment firing artillery problems were: Captain Jesse C. Davis of Altoona, Lieutenants Harry C. Symmonds and William P. Cox of Bellefonte, Edward G. Eakin of New Castle, George P. Curtis of Curtin, Pa., and James F. McGrath of DuBois.

In various problems conducted by the above officers the range was first determined by sound which called for firing for effect by firing in salvo and volley. It is interesting to note that upon impact of the 155 mm. high explosives shell a radius of 70 yards is immediately neutralized.

The missions of these great guns are: counter-battery, destroying bridge heads, railroads, ammunition dumps, but very seldom are they used directly against soldiers.

"Well Done!"

Upon completion of the day's firing, the happy countenances of this regiment's proficient gun crews received with elation the compliment "Well done!" from their superiors.

Thus, the resultant fact of seven months intensive training revealed the personnel of the 190th P. A. exceptionally fit for the jobs that they may be destined to do.

In keeping with artillery tradition, the primer casing from the first shell fired was presented to the commander of the regiment. Over a national radio hook-up last night Colonel Bell congratulated the officers and men for their excellent conduct of fire and the entire color-firing performance.

Plans and arrangements for this "big gun" activity were under the direction of the regimental adjutant, Major Frank S. Buchanan of Altoona, Pa.

Britain's Barrage Balloons Are Made By Women Workers

Kathleen Harriman Inspects Plant Which Looks More Like Sewing Club Than Factory

By KATHLEEN HARRIMAN
International News Service Staff Correspondent

SOMEWHERE IN WALES.—No men allowed in this war factory! Only women and a few made-in-America sewing machines are employed. Can you guess their product?

The huge barrage balloons guarding English cities and port towns are made with nimble, feminine hands.

Girls were sitting on the floor pasting long strips of silvery cloth. I was surprised because I had always visualized factory workers perched on high stools at machines or tables, working in uniform smocks and mob caps.

These girls were coolly dressed in cotton frocks. A radio was playing.

It looked more like a community sewing club than a wartime factory! I've often gazed at the balloons graceful and seemingly detached way up there in the clouds over London, but I saw one today that looked like a bloated, half-dead fish.

Intricacies Of Balloon

This typical balloon was made of panels 440 meters wide of aluminum coated cloth glued together at the edges, reinforced with stitching, then more glue and tape inside as well as out. Two miles of tape are used in just one balloon and there are over 500 small accessories that make up the fins, the rudder, the moorings and rigging.

No Compromise On U.S. Principles

By KINGSBURY SMITH
International News Service Staff Correspondent

WASHINGTON, Aug. 26.—Secretary of State Cordell Hull today said the efforts of the United States to achieve a peaceful settlement of Pacific problems with Japan rests entirely on the fundamental principles of American policy.

He made it plain this government is not disposed to compromise any of those principles for the purpose of reaching an understanding with the Nippon empire.

The American government's efforts to bring about a peaceful settlement of problems in the Far East rest entirely on the fundamental principles which this government has been preaching and practicing so religiously for some time now, he said.

The name Africa was first applied to the country in the neighborhood of Carthage, the part of the continent known to the Romans. Carthage was founded in 800 B. C.

EARLY AIR COOLING?

(International News Service)
SAN JUAN CAPISTRANO, Cal.—Engineers and architects were called by Father Arthur J. Hutchinson, padre of San Juan Capistrano Mission, in an attempt to solve the mystery of brick passageways, vents and openings disclosed by excavations at the mission. Indications were that the system of passageways, uncovered in excavating what is believed to have been the hospital of the old mission, are part of an air cooling arrangement devised by the fathers 150 years ago.

School Enrollment Will Be Decreased

(Special To The News)

GROVE CITY, Aug. 26.—Estimates usually accurate indicate that a reduced enrollment will answer the school bells on opening day at the public schools next Tuesday, according to Supt. H. W. Traister, who sees an attendance of 1,610 in the grades and high school.

The total represents a decrease of 10 from the actual enrollment on opening day a year ago. Following the national trend, the grade schools will show a drop of 37 in Supt. Traister's estimate, while the high school will have an increase of 31.

Washington school will have 123 pupils, Lincoln 230, and Central 383. In the high school, all classes except junior will be larger, with 254 freshmen, 297 sophomores, 188 juniors and 205 seniors.

Scholars are not altogether agreed on the language spoken by Jesus, as no less than four languages—Hebrew, Aramaic, Latin, and Greek—were in use in Palestine in the time of Christ. It is generally supposed that His native tongue was the Galilean Aramaic, a corrupted dialect of Hebrew proper.

Clamp Down On News Of Jap Troop Movements

Order Affects Indo-China

Believe Order Issued To Cover Up Important Military Preparations

JAPAN MOVES TROOPS TO THAI BORDER

(International News Service)
SAIGON, French Indo-China, Aug. 26.—Revelation of any details regarding the movements of Japanese troops was suddenly prohibited today.

The order was made effective until further notice.
Editor's Note: A Reuters (British) dispatch from Singapore said the Japanese restrictions aroused considerable speculation and that it was supposed the Japanese are endeavoring to "cover up" important military preparations.

Claim 150,000 In Indo-China

(According to the Reuters dispatch, it was reported reliably that the Japanese already have at least 150,000 men installed in French Indo-China despite the agreement that only 40,000 Japanese troops would be sent there under terms of the Japanese-Indo-China settlement.)

Furthermore, Reuters reported, only a few Japanese garrisons are being maintained in Indo-China towns and virtually the entire force is being dispatched to the Thai border. The dispatch said, however, that no Japanese action against Thailand is anticipated before the end of November owing to floods.)

New Wilmington News

PLAN FLOWER SHOW

The New Wilmington Garden club will hold its fourth annual Flower Show in the McGill Memorial Library of Westminster College on Thursday, September 4.

The show will be open to the public from 2 to 9 p. m. All exhibits must be ready for judging no later than 11 a. m. and must be removed immediately after 9 p. m. Competition is open to all amateur flower growers.

A total of 12 divisions including 50 classes are to be included in the show. Three awards will be made in all classes.

WATER CARNIVAL

A water carnival and water races are to be held in New Wilmington's Community Park on Thursday, August 28, according to Miss Helen Francis, lifeguard at the swimming pool, who is in charge of the affair.

In case of cool weather, the carnival will be cancelled.

The carnival and races are for New Wilmington children of 16 and under. Included in the carnival are swimming races, water games, and a water pageant featuring formations and fancy diving.

Those who passed the junior life saving test recently are Nancy Buckley, Jean Swindler, Matt Hosie, Donald Whitman, John McClure, Jevce Marshall, Ted Fordney, Jean Shaffer and Alvin Shaffer and Mary Margaret Chapin passed the beginners' test.

Butler County Moves To Check Paralysis Spread

BUTLER, Pa., Aug. 26.—In an effort to prevent further spread of infantile paralysis in the West Sunbury district, county health officers, Dr. W. V. McCarney of West Sunbury, and A. W. Lehnert of Butler, today postponed all public meetings in that place, closed Sunday school and prohibited persons under 21 years of age from attending church services.

In addition, the West Sunbury fire department was forbidden to participate in the county firemen's celebration at Etta Springs Park Saturday, and the school board, at the suggestion of county health officials, announced that the West Sunbury schools would not open until Monday, September 2.

Lehnert advised that all fruit be thoroughly washed before being eaten. It is alleged that one of the sources of the dread malady has been traced to unwashed fruit.

Birds Circle Over Library

Folks called up Owen Fox desiring to know something about a large number of birds that kept circling in the air above the library, on Sunday evening, about 7:30.

He states that they are night or rough-winged swallows. They belong to the chimney swift swallow family, are insect eaters, and do not come to the ground. They build their nests under house eaves, holes in weather boarding, cracks in chimneys, and the like.

"They will soon be gathering into 'clans,' and when in a few weeks hence, the cool nights drive the insects from the air, they will migrate south. Mr. Fox says that when the crickets take down their fiddles to sleep, starting to serenade the fall nights, then the rough-winged swallows start to think of the warm southland, and soon wings away in that direction."

NEW BEDFORD

SCOUTS RECEIVE CHARTER

At a very fine service in the Hopewell church at 8 o'clock on Sunday evening the Scout troop received their charter for the coming year. Scoutmaster Irwin Ropp acted as chairman. Rev. Rumbaugh of Volant spoke on "Welfare of Boys and Girls in America". J. Bradley, of Ellwood City, presented the charter. Those who presented the charter, those of New Bedford, of assistant scout executive, presented the registration cards. Taps were played by Robert Cooper.

4-H CLUB WIENER ROAST

New Bedford 4-H Club girls and the New Bedford 4-H boys held a wiener roast at Rudzicki Grove on Thursday evening. This being the climax to a very successful year for both clubs. The county leader, Mr. Dayton, was present, and the boys corn was judged. Games and singing were enjoyed around a large fire prepared by Dale Dieter and Jimmie Goodge. The girls roundup will be Sept. 6, at Union High auditorium. They have a 100 per cent competition again this year.

COX REUNION

The home of Mr. and Mrs. Otto Goist was the scene of a merry gathering on Thursday evening when the descendants of the Scott Cox family met for their annual corn and wiener roast. About 50 were present and the evening was spent playing games.

HOSPITAL NOTES

David Zimmerman underwent an appendicitis operation in the New Castle Hospital on Sunday night and is reported as doing very nicely. Mrs. Roy Wylam is in the North Side Hospital, Youngstown, having submitted to a second operation on Saturday. Her condition was thought to be a little better Monday evening. James Paris is home from the South Side Hospital, Youngstown where he has been a patient for the past three weeks suffering from a compound fracture of his leg.

CHURCH NOTES

The Piliathea Mission Circle of the U. P. church, entertained their families at a picnic supper, Thursday evening, at New Wilmington park. There were 24 present. The younger folks enjoyed a game of ball. Mrs. Edith Randall and Donna Jean Eppinger were special guests. Members of the U. P. Sunday School will hold their annual picnic at New Wilmington park on Friday, August 29, at noon. The superintendent, Merle Cover, and his committee have promised everyone a good time.

The Beacon Class of the Hopewell Church, was entertained in the home of Mr. and Mrs. Frank Stoughton on Thursday evening with Mrs. Frank Cover, Jr., as associate hostess. After the regular business routine, a delicious lunch was served by the hostesses. The rest of the evening was given over to a surprise miscellaneous shower for Mrs. Willie Wallace, who lost everything in a fire which destroyed their home two weeks ago. Special guests were Mrs. Willis Moore, of Butler; Mrs. Dean Schreckengost, and Mrs. Sam Beatty.

Defense Program Is Opening Up More Jobs For Women

Miss Thelma McKelvey, Executive In OPM, Notes Trend Toward Mass Employment

By JANE COCHRAN
International News Service Staff Correspondent

WASHINGTON, Aug. 26.—If 1,000 workers—half of them women—will be needed by the Stratofortress Aircraft Corp. within the next six weeks you can bet Thelma McKelvey knows about it.

This pretty blonde woman, with large, shining brown eyes, holds down an important desk in the Office of Production Management and her title is taller than she is. She's the Special Assistant in the Labor Supply and Training Section of the Labor Division of the Office of Production Management.

When you get past the technicalities, the job settled down into work. Rapidly expanding defense industries need trained workers, hundreds and thousands at a time in some instances. They must have a supply of men and women to call on and the training section is out to assure this.

Part of Miss McKelvey's work includes field trips to see if the various government-established training agencies are pleasing the manufacturers and also if the manufacturers are stating their future needs soon enough to permit training of men and women for the jobs.

More Women Employed
Miss McKelvey's special interest is watching the growing trend of employment of women in defense.

Miss McKelvey obtained her background information while working for the National Youth Administration and the Works Progress Administration and her special work, as she describes it, includes "helping plan and coordinate the activities of the recruiting, training and placement of defense labor, with my own responsibility being to watch the emergence of women in the defense industries and report on this."

Ladies' Fashion Show Staged At White House

By MARIE MANNING
International News Service Staff Correspondent

WASHINGTON, Aug. 26.—Mrs. Eleanor Roosevelt, after entertaining British royalty over the weekend, on Monday, acted as impresario for the first ladies fashion show ever staged in the White House.

Eleven models paraded before the first lady's press conference garbed in style creations designed exclusively for women engaged in manual labor in the factory and on the farm.

Cotton and other cheaper materials predominated but most of the outfits exhibited were tailored with some measure of allure so that the ladies can still look chic while milking a cow or running a factory lathe.

For those women who engage in the rougher types of agricultural labor, there was a field suit made up of specially-designed slacks that looked something like ski-pants. A roomy blouse and coolie hat completed the outfit. Mrs. Roosevelt indicated that this ensemble is ideal

for driving tractors, shocking grain and ploughing.

Ladies in the factory have their choice of zipperless work aprons worn over a cover-all blouse. Now that zippers are threatened by the defense program, the work clothes, are being styled with old-fashioned hooks. The factory work aprons will be sold largely through the mail order houses and will cost \$1.

All the models featured cotton stockings, although Mrs. Roosevelt and the ladies of the press were nosed in silk. Very fine mercerized stockings, especially woven for nurses, were featured. These hose do not become yellow with washing. Most of the cotton hose creations will sell for about 70 cents.

Vacancies For Air Corps Will Open Sept. First

Applicants Must Have At Least An Eighth Grade Examination For Service

Sergeant Owen E. Tighe, officer-in-charge of the U. S. army recruiting station here, stated today that he is now ready to accept applications for enlistment in the U. S. Army Air Corps.

The applications will be to fill 170 vacancies that will be open on September 1 at Wichita Falls, Texas. Persons desiring to enlist for the air corps must be between 18 and 35 years of age, and must have at least an eighth grade education and be able to pass physical and mental tests.

Complete information may be secured from Sergeant Tighe at the post office building.

St. Michael's Group Picnic Is Enjoyed

Annual Picnic Gathering Is Held By Church Society At Algoma Camp

Members of the Ladies' Aid society of St. Michael's church, gathered at Algoma camp, Sunday, for their annual picnic event, with approximately 500 in attendance.

A delicious dinner and supper was served on tables arranged for the occasion, and in the afternoon a program of swimming and other diversions was enjoyed. Children of the members also were entertained with pastimes.

Transportation was provided all day, from St. Michael's church, by the use of buses.

Activities came to a close in the evening with a dance, the music being provided by the Muskovic brothers, who proved so successful at the Slovak Day event.

A prize was given during the event, a quilt made by the ladies of the church, and this was captured by J. R. Noga. Refreshments were also served. Next year a similar event will be held.

NEW CASTLE NEWS

Baxter Battles Jackson Tonight

Moran Tackles Phillips; Leasures, Wargo, Pratt Also To Box

NICK RETARDO OF ELLWOOD ON CARD

Tonight is Punch night in The Arena, 16 youthful aspirants for pugilistic honors are reportedly ready for the bell, and indications point to fight fadism enjoying a full repast of "sock" when the eight battles are finished. Russell Baxter, New Castle's 135-pound sensation, will tackle Henry Jackson of East Liverpool in the main bout.

After a busy winter season, Baxter took things easy this summer. His summer vacation was only interrupted by two or three bouts. He came through a winner in all and flashed his knockout right. If he can do the same tonight he feels he is bound for another successful fall and winter season.

Another local pride, Frankie Moran, a lightweight, will fight Teddy Phillips of Wierton. Frankie upset the "dope bucket" when he knocked out Pittsburgh's Billy Shelton in 27 seconds, then had Tommy Williams, also of Pittsburgh, down in the first and reeling punch drunk when the last bell sounded recently at Farrell.

Two District Champions at 160 and Baby Face, a slugging 130-pounder, will also appear, and their presence adds "zip" to the docket. Les will oppose Bobby Carmichael and Baby Face will battle Bomber Brown, the said Bobby and Bomber also being from Wierton. Don Jerry, this city, will meet Andy Baker, of McKees Rocks, at 130.

Fans will also see two champions, Nick Wargo, who holds the senior championship of the Allegheny Mountain association, in which district this city is located, at 130, will

box Julius Walt, of Wierton. Nick won't find Julius an easy opponent, according to Jefferson A. C. reports.

Henry Pratt, a wisecracker at 118, and who possesses the bantam-weight junior title of the same district, will swap punches with Ossie Pege of Youngstown, who is nobody's push-over in any ring. These two bouts should be fast and exciting, as should the Nick Retardo, Ellwood City, Pete Misto, Youngstown, bout, at 144. Both are veterans of the amateur fight game.

The bouts will be staged by the Jefferson A. C., under the jurisdiction of the state athletic commission and the A. A. U. Indications are William Talbot of Rochester, deputy of the athletic commission, will supervise the fights because Eddie Fritz, Jr., local commission deputy, is now in the army. The first fight will begin at 8:30 p. m.

Bessemer-Union Begin Drilling

Class B Gridiron Forces Inaugurate Drills Monday Afternoon

Two of Lawrence County's three Class B football powers hoisted the football lid Monday afternoon. In Bessemer, A. G. Capezuti took inventory on his 1941 squad. The Red and Black color bearers underwent the physical examination and then received equipment. Practice sessions will start in earnest today.

At Scotland Lane, Union Township High's plucky chasers gathered for their first session. Coach J. Susko seemed somewhat pleased with the material on hand. With only 16 days remaining before the season opener against Ellwood City, the Union contingent has lots of work ahead.

Shenango Township high's candidates report on Thursday afternoon at 2 o'clock at Shenango high. Coach Frank Novace requests that all boys report equipped with lockers and keys.

Sportsmen's Event Wednesday Evening

Several hundred persons are expected to attend Wednesday evening's corn and wiener roast being sponsored by the Lawrence County Sportsmen's association, at the New Castle fair grounds.

The affair starts promptly at 6 o'clock. H. N. Drio, secretary, announced today.

The association will supply the food free of charge. An afternoon and evening trap and skeet shoot will be among the features.

Elders And Grays To Play Wednesday

The Slovak club has consented to play the Elders a regular league game Wednesday at Marshall field, at 5:30 o'clock, leaving the Elders free to play the famous colored Homestead Grays Thursday evening at 5 o'clock.

Considerable interest has been shown in the coming of the Homestead Grays and providing the weather is right, Marshall field will be packed to capacity strength.

The Grays have not played in New Castle for ten or twelve years.

Senior Golfers Await Tourney

Over 100 Men 50 Years Of Age Will Enjoy Wednesday At Castle Hills

CHICKEN DINNER TO END PROGRAM

All that is needed to make the third annual Senior Day a big success at the Castle Hills golf course on Wednesday is for the weathermen to provide a nice sunny day.

Close to 100 golfers all 50 years of age and over will start at 2 o'clock to enjoy themselves, with an 18 hole round of golf, and then rest until 6:30 o'clock when a chicken dinner awaits them at Kings Chapel church under the supervision of Mrs. A. T. Eckles.

General Chairman John B. "Jack" Waddington announced today that all plans have been completed and that the event tomorrow will surpass any of the previous tournaments held by the Seniors. Well over 150 prizes await the men at the conclusion of play. Chairman Waddington announced also that "Pop" Leslie the originator of Senior Day will be among those present, having arrived in New Castle today from California on his way to New York.

Prizes For Everybody

The following events will be staged—Longest drive on number 1 hole, closest to pin on number 7 and 11, blind bogey, low gross individual card, low gross partners, nearest to age card, pitching and putting contests, left-hand drive, hole-in-one, low number of putts, highest score turned in. Free soft-drinks will be provided the golfers on both nine.

The following Senior Day committee has worked hard to make the event a success—Chairman Waddington, Mont Magill, T. H. "Tommy" Hitchcock, W. I. Clark, Dan Reebie, Dr. W. P. Felch, E. E. McGill, Morgan Jones, W. T. Saul, William N. Nunn, Dave Axon, Tucker Hockman, and Larry Gramling. The latter is manager of the Castle Hills course and says that the course is being put in tip-top shape for the Seniors.

The following non-seniors have consented to assist with the various details tomorrow—Richard "Dick" Hitchcock, Russ Magill, Paul Hunt, Walter Vogan, Emil Grommes, George Sargent, Johnny Hodge, and Charles "Bugs" Walther.

Flats-Pulaski Battle Tonight

One of the biggest galleries of the season is expected to converge on Clifton Flats field tonight to witness the second half City-County Independent Baseball League battle between Pulaski and Clifton Flats. The game will probably get underway at 5:45 o'clock.

B. Hiller will toe the mound for the Flats while "Ace" Saginich will twirl for the league leaders. A Flats victory will assure the Clifton nine of a Shaughnessy playoff berth.

PULASKI TAKES FORFEIT

Pulaski today claims a forfeit at the expense of the Dewey A. C. which failed to show up for a scheduled game Monday night. The game was awarded for Pulaski.

(Special To The News)

NEW WILMINGTON, Aug. 26.—Coach Grover Washabaugh expects approximately 30 Westminster college gridders to report at the opening training session Tuesday, Sept. 2.

The Titans will go through two practices each day until the opening of Freshman Week, Sept. 12-16, when freshman gridders will be temporarily excused from practice sessions.

Football men will be quartered in Jeffers hall, men's cooperative dormitory on the campus, during the training camp period. In charge of the Titan gridders will be Coach Washabaugh, backfield, Assistant Coach Melvin Hetzler, line, and Assistant Coach Dave Boyd, trainer.

Only one loss through military channels has been reported in the Titan camp sophomore end Bob Washabaugh, son of Coach Washabaugh, who is training to be a navy pilot in Philadelphia.

Although the Titans open with not-too-stiff opposition, Sept. 20 against the Edinboro Teachers, the Westminster gridders will hit powerhouse play when they travel to Pittsburgh Sept. 27 to oppose the Carnegie Tech Tartans.

Newcomers for the Titans this year include Hiram college and Juniata.

The Westminster schedule, Sept. 20, Edinboro here, Sept. 27, Tech, Pittsburgh, Oct. 11, Hiram, away; Oct. 18, Geneva, here; Oct. 25, Thiel, away; Nov. 1, Juniata, here; Nov. 8, Grove City, here, homecoming, and Nov. 15, Bethany, away.

Art Pridotti scored a sensational golf shot at Sylvan Heights course Sunday, when he bagged an eagle on the tough No. 11, par five hole, which lies at the top of a long hill, flanked by sand traps.

Art, one of the course's aces, had two nice long woods and lofted an iron shot up onto the green which bounced right in on the second bounce. "The hole is conceded by Sylvan Heights golfers to be about the toughest on the course."

WASHINGTON HIGH

Gridders Called

Coach Art Alexander will meet with all George Washington Junior high football candidates in back of the North Hill school building at 9:30 o'clock Thursday morning.

All young boys who expect to be candidates for the 1941 eleven must report promptly on Thursday. Equipment will be issued Thursday and practices will commence at once.

NEW YORK—The New York Giants recently employed 210 pitchers in 96 games.

At the close of the current baseball season, Paul Minner will hustle back to New Wilmington to complete his high school studies. The tall left-handed pitcher and first baseman is reportedly still with the Knoxville of the Southern Association circuit. Minner will be ineligible to participate in County Class B sports. He's now a professional.

"Ruffles" Johns pens a card in forming the local sports coterie that he is now Corporal Johns. Johns, who is stationed at Howard Field, Canal Zone, says another promotion is on its way.

Henry Marshall, Hillsville's representative in the Middle Atlantic League, is batting 273 but has driven in only 55 runs. He's a flycatcher for the Erie Sailors.

Joe Ryan, a New Castle high football candidate, vacationed along the Neshannock Creek before heading for Muddy Creek Falls.

Richard "Dick" DeArment, a hot candidate for one of the varsity berths at Texas A. & M., will head for College Station during the latter part of next week. The ex-Bessemer high crack football-basketball performer must be on hand for opening drills, Monday, September 8.

Met Ott, the New York Giants' star outfielder, is having one of his worst seasons. A perennial 300 clubber, Ott is down around the 275 mark.

Clyde McCullough, Chicago Cub catcher, joined the National League's a-homer-in-every-park club last Saturday.

B. Lober, coach of the Phillies, recently told The Sporting News that the "Phils were not going any place this year but 'we have a fighting team—and that's something. Just watch us next year!'"

The refulgent St. Louis Brown may wind up in the red this season—to the tune of about \$100,000, a surprise to the stock holders, no doubt.

For beating the great Bob Feller in the game that gave Detroit the 1941 American League title, Floyd Giebel almost lasted a whole season in the big top.

Tommy Farr plans to head back to the U. S. to fight Billy Conn in a benefit show.

"Nittany Lion" Will Be Carved In Stone

STATE COLLEGE, Aug. 26.—The "Nittany Lion," for more than 25 years sports symbol of students at the Pennsylvania State college, will be carved in stone here this fall by Heinz Warneke, noted sculptor.

College officials have already approved Warneke's preliminary model. The finished "Lion Shrine" will be placed in a wooded area adjoining New Beaver field where Penn State's intercollegiate athletic teams perform.

The class of 1940 appropriated money for the Lion Shrine as a class memorial, and Warneke, a distinguished carver and modeller of animals, was selected to do the work by a committee from the college department of architecture.

Sixty Report At Franklin Hi For Grid Positions

Coaches Cowmeadow, Wallace And Binder Greet 1941 Candidates On Monday

FIVE GAMES ARE ALREADY CARDED

Ben Franklin High football candidates 60 strong were greeted on Monday by Head Coach Austin Cowmeadow and his two assistants, Bill Wallace and George Binder.

Nine veterans of the Franklin High 1940 team reported as follows: Sam Ciccone, Ed Jacobs, Joe Borelli, John Benning, Gaylord Lutz, Tom Josephs, Paul Cubbil, Roscoe Williams, Guy Elisco.

Former Middletown boys with former grid experience reporting were: Albert Lombardo, Armond Laura, Charles DeVido, John Izzo, Ernest Rouzo, Francis Valley and James Falk.

Schedule Announced

The heaviest man on the squad is Guy Elisco, who will try for a tackle post, tipping the scales at close to 215 pounds.

The first game of the season will be on September 25 at Sharpville Junior High. Four other games have been scheduled as follows:

October 2—Campbell at home.

October 7—Sharon away.

October 13—Farrell at home.

October 20—(pending)

October 30—George Washington at home.

Hardesty Knocked Out Of Box; Hillsville Leads League

Hillsville defeated Bessemer at Hillsville 4 to 2 in a Lawrence County Baseball league game before 2,000 fans from various parts of the county and according to Hillsville, put them in front of Bessemer by one game in the race for the second half championship. Ammons hurled for the winners.

According to reports, Hardesty bowed to Ammons, being knocked out of the box and being relieved by Olson. Further, Hillsville claims that this made the third time this season that Bessemer's ace hurler had been their victim.

Hillsville got away to a good start, in fact a healthy one in the second by scoring three and annexing another in the fourth. Bessemer worked a run across in the fourth and another in the fifth.

There were no extra-base hits. Ammons passed one and fanned six and allowed only three hits. Hardesty and Olson allowed a total of eight hits.

The box score:

High Grid Squad Is Hard At Work

Camp At Muddy Creek Falls Opens Monday Despite Weeping Skies

Four Veterans In Camp, Several Fine Looking Prospects Appear

New Castle high school football team is now firmly entrenched in camp at Muddy Creek Falls and for the remainder of the week the boys face strenuous drills to prepare them for the opening game on Friday, September 5, with Grove City High at Taggart stadium.

There are 41 boys in camp this year. It was reported today by Norman Nelson, the jovial round faculty manager. "And you can say for me that the group we took to camp this season are as fine a bunch of boys as we have ever had, and we are expecting great things from them," said Nelson.

Start Limbering Up

The first workout came shortly after 10 o'clock on Monday morning and consisted chiefly of limbering up exercises, otherwise known as calisthenics, led by Assistant Coach Bill Klee. The exercises are for getting the summer kinks out of the legs and arms of the boys.

The workouts today will vary with the backfield men learning to pivot and the linemen learning to charge and tackle. The tackling dummy will get its usual tough workout and so will the charging table. It is not likely that any scrimmaging will be done of any real concern until maybe Wednesday afternoon or Thursday morning, and then only a light scrimmage will be undertaken.

Competition Is Keen

When the squad returns to New Castle on Saturday the boys will know what football is all about and then next week at Taggart stadium the final polishing up will take place.

Only four veterans—Lee, Paron, Peters and Scarazzo—are in camp, which leaves seven places wide open and the competition for these vacancies is expected to be mighty keen.

Two of the biggest boys on the squad are expected to be heard from this season—Roussos, who goes over the 200 mark, and Charles "Chuck" Francis, Washington high tackle, who tips the scales at something around the 190 mark. Roussos is a former Ben Franklin High lineman and a brother of "Socrates" Roussos, former New Castle High star and now at West Virginia Wesleyan.

Ten Reserves Back

Several reserves from last year's "Red Hurricane" team who are back this year with determination to win berths are Masters, Gekinger, Gunn, Zukowsky, Red Ross, Malley, Probst, Harold Burris, Ryan and Young.

A newcomer in camp, DeGuido, a backfield man, is getting attention of the coaches and may develop into a valuable man with more experience. He is a former Shenango High player now attending senior high and has had some football experience. Nickum up from Mahoningtown, is a brother of Whitey Nickum, former New Castle High grid star, and is a likely looking prospect, so is this boy Hammond from Washington High. Doster from Washington High comes to the local team with a fine reputation in junior high circles and will more than likely give somebody a tough fight for an end job, and possibly a backfield spot.

Faculty Manager Nelson announced today that the food this year will be of the highest order and destined to put weight on the boys, consisting

chiefly of well done beef roast and veal roast. The usual yearly race is one among Klee, Stewart and Nelson to see which can eat the most. (Stewart generally wins.)

WILL HONOR TEAM

Frank Fannin, sponsor of the Fannin softball and basketball teams will honor his players at a corn and wiener roast at Cascade Park from 7 to 9 o'clock on Thursday evening. All players not otherwise contacted are asked to attend the event.

Dodgers-Cards Battling Today

Double Bill Rained Out Monday, Crucial Series For Both Teams

FELLER BEATEN
BY BOSTON SOX

By LAWTON CARVER
(International News Service Sports Editor)
NEW YORK, Aug. 26.—All concerned were happy and hopeful today as the St. Louis Cardinals and Brooklyn Dodgers had at each other in a continuation of their torrid series, this time in a doubleheader that may prove to be the principal pay-off stroke in the National League pennant scramble.

Max Lanier and Mort Cooper were the Cardinals' mound nominees, but Southworth indicated a possibility of starting Ernie White, a capable young left-hander, with the idea that southpaws generally are the nemesis of the Flatbush flock. Curt Davis and fat Freddy Fitzsimmons were the Brooklyn pitching selections.

Obviously, the managers would have preferred the games be held in single file since a bad day for either club could mean either that Brooklyn blows its game and a half lead over the second place Cards or that St. Louis goes three and a half games behind.

Games Rained Out
Their first choice had to be forgotten, however, because a drizzle that became a downpour forced postponement of yesterday's single encounter. The fact that today's duel is a two-for-one bargain naturally was a source of happiness for the ardent Flatbush fans more than 5,000 of whom jammed the sidewalks around Ebbets field yesterday until the rains came.

Rain washed out all the National leaguers, however, so that the status in that circuit remained the same and a barrage of doubleheaders was on tap today.

Charley Wagner bested Bullet Bobby Feller in a pitchers' battle as Boston edged Cleveland, 1 to 0, in the top performance of the American league. Each of them gave but four hits, but in the seventh inning Feller walked two men, Frank Pylak doubled and the winning run came home.

Yankees Thumped
Chicago reduced the Yankees' lead to a mere 16 games by thumping New York, 9 to 1. Edgar Sinton surrendered nine hits, but kept them scattered among the Yanks while the White Sox were shelling young Marlin Russo to the showers.

The St. Louis Browns grabbed a firmer grip on sixth place by knocking off Washington, 6 to 3, in the first game of a bargain bill and then holding the Senators to a 3-3 deadlock in the ten-inning finale that was halted by darkness.

Rain caused postponement of the Philadelphia-Detroit game.

Mace Brown Goes To Coast League

(International News Service)
LOS ANGELES, Aug. 26.—Conditional purchase of Mace Brown, 31-year-old hurler, by the Los Angeles Angels from the Brooklyn Dodgers in exchange for Angie Galan, Chicago Cub outfielder who refused to come to the Pacific Coast, was announced today by Angel president David Fleming.

Fleming said the Angels have until the end of the season to either purchase or return Brown to the Dodgers. Galan was sold outright to the Dodgers and joined the club yesterday, a condition was that, besides Brown, the Angels may purchase two other Brooklyn players next spring for a set price.

Daubenspeck And Jones In Finals Of Tennis Play

Ellwood City Star Enters Finals
By Defeating Harry Amos
In Sterling Match

Fred Daubenspeck of Ellwood City and Allan Jones of New Castle, the defending champion, will battle it out tonight at 8 o'clock at the Leslie court on the west side for the Lawrence County championship.

Daubenspeck last night eliminated a fellow Ellwoodian, Harry Amos, in one of the best played and hardest fought matches seen here in many a day, taking four sets to decide it, with Daubenspeck ahead 9-7, 2-6, 7-5 and 6-4.

Allan Jones entered the finals by defeating Joe Ross of this city in a match that also required four sets to decide, 6-4, 2-6, 6-4, 6-4.

The doubles will get under way tonight following the singles championship match, with Al Figuly and D. Graham playing Bill Emmerick and E. Calvert, in the first match and in the second match, Jones and Morrow opposing Lyons and Meermans.

FLYING GRIDDERS

PHILADELPHIA—The Philadelphia Eagles have chartered two planes to make a trip from their Two Rivers, Wis., training camp to their opening game against the New York Giants in Philadelphia on September 13.

Aquaplaning can be learned easily. At least that's what Carolyn Crawford, New York model, says. She is pictured above riding in on the shoulders of Harold Care, Atlantic City aquaplane expert, after one lesson.

HERE AND THERE IN SPORTS LAND

Candidates for Carnegie Tech have been ordered by Coach Eddie Baker to report Monday afternoon and training will start the following morning. With only 16 members of last year's varsity available, Dr. Baker and his staff will face a tremendous staff. Of the 16, only Johnny Anderson, end; Henry Holts, center; Lou Moorman, tackle, and Bill Johnson, Joe Pash, and Jack McLaughlin, backs, had much game experience last year. The rest of the squad will be composed of last year's Freshman aggregation and other boys who have never previously turned out for varsity football.

When Lafayette's squad enters training at Camp Wyomissing it will be the fifth time the Maroon has held pre-season practice there. Two of the undefeated teams, 1937 and 1940, trained there. Thirty-eight candidates for the varsity have been invited to report. Hook Mylin will coach Lafayette, and he will be assisted again by George L. McGaughey, line coach and Dick Madison, freshman coach. Others in camp will be John Nagle, chief trainer; Charles J. Ellis, Jr., manager, and a couple of assistants.

Only five lettermen from Penn State's 1940 football squad will return September 3, when 41 candidates report to Coach Bob Higgins. Captain of this year's squad will be Len Krouse, senior right half-back from Rochester, Pa. Other outstanding backfield men are Bill Smallz, Allquippa, fullback who is the only returning regular; left halfbackers Pepper Petrella, Downing, and Sparky Brown, Cazenovia, N. Y. Mike Kerns, Landisdown, is the lone letterman forward. Red Yoho of New Brighton will be at tackle.

Current meeting of the Canfield Racing Association night horse races will be extended to include dates of the Canfield Fair, August 29 through September 1, according to an announcement yesterday by Joseph A. Tobin, general manager of the racing organization. This will be the first time in the Canfield Fair's long history that trotting races were staged after dark. The new streamlined racing has been attracting thousands of spectators nightly since the present meeting opened August 9 and is expected to be one of the major attractions during the fair. Eight contests are staged each evening.

Charley Burley gave Otto Blackwell a good going over in eight rounds in Millvale last night. Both are welterweights. George Engle's California heavyweight, Frankie Hammer had an easy time scoring a technical knockout over Tony Cirra of Bloomfield in the fourth round.

Stewart Alexander of Burlington, N. C., set a pace of five under par 67 in the first round of the National Amateur golf qualifying round at Omaha, yesterday. Nine thousand fans turned out in San Francisco last night to see Alicia Betina, New York, outpoint Pat Valentino of that city in 10 rounds.

Hillsville today reported they were at the top of the Lawrence League by virtue of a victory over Bessemer, and the third, they claim over Hardesty this season. Up to this claim Bessemer would have called it Hardesty loss No. 2. There's quite a battle on between Bessemer and Hillsville for the second half flag and to bolster their claim that Hillsville had a right to use Sweeney, have delivered to the writer an affidavit in which they claim his contract was sent to League Secretary Jim Martin. All this will come out "in the wash" Thursday night.

SHOAF IS LAME
A C. Shoaf, New Castle Fair track secretary, is still "hobbling" around. Last week he was thrown off a track scraper, dragged and his knee injured.

Moose About In For Championship At Sylvan Heights

With But One More Match Remaining, Virtually Have
Second Half Title
Cinched

With only one more match to be played on Wednesday evening, it looks as if the New Castle Moose team would again win the championship of the second half in the Sylvan Heights Golf League race, to go into the finals for the title which will be played off Sunday, September 7, with the Shenango Pottery team, winners of the first half.

The Moose team plays the Shenango Pottery team in the final match too, but the latter team has not been going so strong since their ace, Chuck Perrotta was drafted into the army, and there seems little likelihood that the second place Unions, who have been playing a strong game all summer, will be able to overtake the Moose. The Moose have but to win a half point to tie, while Unions would have to win all their games with the A. and J. boys.

Last night's results showed Workmen's Social making a clean sweep, 6-0 against their brethren, the Ellwood City Moose; with the New Castle Moose winning a 5-1 victory from Universal Sanitary A.A.; A. and J.'s defeated Shelby Social 3½ to 2½; and Saegertowns and Unions split even, 3-3.

Louis Malls and Frank DeMauro paced the field with one-under-par rounds of 35; Ted Lach and George Hahn had par rounds of 36, while 37's were shot by Martin Sagedi, Pete Dimco, Hackett Kennedy, and Ted Bukowski; with James Gaine shooting a 38 and Geno Vert, Stan Bukowski, Bruce Headland, shooting 39's.

The standing is:

New Castle Moose	35½
Unions	36
Saegertowns	36½
Workmen's Social	36½
Shelby Social	37
Duca D'Abuzzi	37½
Shenango Pottery	38
A. and J.	38½
Ellwood City Moose	39
Universal Sanitary A.A.	39½

Elders Tie With Pittsburgh Team

Score Is 2-2 In Game At
Marshall Field Halted
By Darkness

Darkness halted a well pitched battle at Marshall Field last night leaving the Elder A. C. tied at 2-2 with the Wildwood team of the Greater Pittsburgh league in an exhibition game.

Carl "Dick" Witherow did the Elder hurling and with better support would have won the game, but his mates booted four plays that didn't help much. Witherow granted seven hits and fanned four. Elliot did the Pittsburgh hurling and gave five hits to the local city leaguers.

There were only two extra-base knocks, both by the visitors. Trebac a triple and Martin a double. Lefty Gibson had two of the Elder hits. Thursday night the famous Homestead Grays will play the Elders at Marshall field and on Wednesday the Slovaks will play at Marshall field with the Elders, it was announced.

Boxing To Get New Champion

By JACK MAHON

(International News Service Sports Writer)
NEW YORK, Aug. 26.—The only division in the holy realm of fistiana which does not boast a king will get one tonight when a light-heavyweight champion will be crowned following a 15-round bout between Gus Lesnevich of Clifside, N. J., and Tami Mauriello of New York.

As this is written, the Jerseyite reigns a 9-5 favorite, but he expects the price to sag considerably by ring time. There is no reason nor rhyme, as we see it, for the older, more punch-battered Lesnevich to be the choice over a hard-hitting kid who has won his last eight starts by a kayo.

This bout will be recognized as a title clash by the New York boxing commission although there is some doubt that it will be sanctioned by the National Boxing Association. Billy Conn used to be the champ, but when he abandoned his crown the local board designed what was supposed to be an elimination tournament.

Feature Games In City League

West Pittsburg Playing Moose
At Marshall Field, Elders
At Lawrence Indies

There will be two featured City Baseball league games tonight. Starting tonight all games will be in at 5:30 o'clock owing to the early darkness and in order to at least play five innings.

The consensus of opinion among the fans seems to be that the 5:30 o'clock starting time will aid greatly in the playing of a full five or six-inning game at least.

West Pittsburg At Moose
The league-leading Moose club will have the "Gas House" gang from West Pittsburg as their opponent tonight at Marshall Field. Manager "Fuz" Rodenbaugh will probably start Monk Rainey on the hill against Brady or Powell, the two choices of Manager Danny De-Genova. This should be a hum-dinger of a ball game.

The West Side A. C. is slated for a game at Ryantown with their arch rivals and the West Side hurler will be Faller or Pyle, with Fisher or Nocera on the slab for the Ryantowners.

Elders At Indies
Down on the Cedar street field this evening the fur will be flying when the Elder A. C. is booked to battle the Lawrence Indies. Manager Joe O'Leary hopes to have Leroy Anderson on the hill tonight as he has always been effective against the rampaging Indies. Just who Manager Johnny Russu will start is not known. This will no doubt be a crackerjack game and well worth seeing.

The Slovaks are billed for a journey to the Cascade street field to meet the Croton A. C. team. It will be Hartman for Croton and Balla or Janoski for the Slovaks.

Donald Reed Is
Awarded Prize

Donald Reed of Liberty street, Seventin ward, was today awarded two season tickets to the high school football games for the name "Redskins" which he suggested for the team. For the past few weeks a contest has been under way by the Girls' Athletic club for a new name for the team instead of "Red Hurricane."

Mr. Reed was not the only one to suggest the name "Redskins," several others being received. However, his was the first received by the judges.

The Athletic Council has announced that the name of the team would remain the same as it has been. The members of the council were not satisfied that a new name would be the thing and accordingly the name will still be "Red Hurricane."

CARDINAL DYNAMO
ST. LOUIS—Johnny Hopp deserves a big chunk of praise for the success of the St. Louis Cardinals this season. Hopp, a Pepper Martin clubby.

type of player, has supplied speed, vim and lots of power at the plate. They call him the one-man gang.

DYKES LOOKS AHEAD
CHICAGO—Jimmy Dykes, ebullient manager of the Chicago White Sox, is looking ahead. He can look forward to the future because he won a three-year contract last week. Dykes has had offers to pilot other clubs but prefers remaining in the White Sox.

FALL SEEDING TIME
For a beautiful green turf next year start now—Fall is the ideal time to sow "Scott's grass seeds."

Tone Is Firmer

Leading Issues Move Up

Fractionally During

Morning Trading

(International News Service)
NEW YORK, Aug. 26.—The stock
market developed a firmer tone to-
day, as leading issues moved up
fractions to as much as a point in
a few instances.

Chrysler was prominent in the
second hour, advancing a point at
one time. Liggett & Myers "B"
shares better than a point on a
single sale. Allied Chemical showed
an equal gain.

Up almost as much were Beth-
lehem and Crucible Steel, Union
Carbide, Boeing and Standard Oil
of N. J.

Fractions improvement was shown
by General Motors, U. S. Steel,
Anacosta, Kennecott, General Elec-
tric, Montgomery Ward, N. Y. Cen-
tral, Santa Fe, Douglas Aircraft,
Lockheed, Du Pont, American Tele-
phone and U. S. Rubber.

The group will meet at Con-
Que on the fourth Saturday in
August, next year.

Nye Descendants

Meet For Reunion

ELLWOOD CITY, Aug. 26.—About 150 descendants of Andrew Nye, pioneer settler of lands where Ellwood City now stands, gathered at Con-Que, on Saturday, August 23, for their fortieth annual reunion.

After a picnic dinner at noon, a business meeting and program was held. The following officers were elected: Richard H. Nye, president; Max K. Nye, vice-president; Alice Matheny Pappas, secretary; Ruth Nye Wiley, treasurer.

John A. Nye, family historian, discussed "Degrees of Cousinship." Others on the program were Homer Brown and daughter, of Beaver Falls; Rudolph Nye, of Alliquippa; A. A. Nye, and Rev. Paul Nye. Oldest descendant present was Rev. T. L. Mains, of New Brighton, aged 82.

The group will meet at Con-Que on the fourth Saturday in August, next year.

Altruistic Class

Plans Activities

ELLWOOD CITY, Aug. 26.—Thirty members of the Altruistic class of the First Methodist church were welcomed last evening at the home of Mrs. J. N. Welling, Crescent avenue.

Plans were made to have a winter roast on September 3, and a picnic dinner on September 10, with both events to be held at Ewing park.

The dinner arrangements will be in charge of Mrs. Kay Rutter, Mrs. Marian McKim and Mrs. Esther Nicholls.

Games and contests followed with the attractive prizes going to Mrs. Elva Hazen, Mrs. Gerse Gerlach, Mrs. Irene Babel and Mrs. Nicholls.

The hostess was aided in serving a tempting lunch by Mrs. Hazen.

A regular class meeting will be held on Monday, September 22, at the McKim home on Fourth street with Mrs. Mary Mudric as associate hostess.

Y.P.C.U. Society

Has Chilli Supper

ELLWOOD CITY, Aug. 26.—The Fellowship group of the Y. P. C. U. society of the First U. P. church gathered last evening at Camp Thompson where they enjoyed a pleasant social.

Thirty members attended and enjoyed a program of outdoor games after which folk dancing was taught by Jimmy Van Gorder.

Group singing was later enjoyed about a bonfire after which a chili supper was served.

Mr. and Mrs. Boyd Barrett are the counselors and Miss Alice Shirley was in charge of arrangements.

Many of the members will go to Camp Ar-Co-Ho for the week-end.

Providence Guild

At Harmony Home

ELLWOOD CITY, Aug. 26.—Mrs. Clifford Deemer and Mrs. Lawrence Zeigler were pleasing co-hostesses to members of the W. W. Guild of the Providence Baptist church at the home of Mrs. W. W. Guild on Monday evening.

Twelve members and one guest, Mary Elizabeth Hazen, participated. The group completed the study of the book, "The Seed and the Soil" with the review being given by the hostesses. A picnic supper preceded the meeting.

A regular session will be held on Monday, September 8.

HOSPITAL NOTES

ELLWOOD CITY, Aug. 26.—Admitted: Harry McMillan, Zeilenpole; Margaret Nonoff, 322 Second street; Mary Tincant Route 2.

Discharged: Annette DeTullio, 317 Ninth street; Mrs. Adam Vincek, 113 Summit avenue; Marie Budy; Zeilenpole; Mrs. Samuel Battersby and infant son, Route 7; Mrs. L. Moyné Lape and daughter, 730 Wampum avenue and Benjamin Whitten, 535 Crescent avenue.

No Orders To Ship Aluminum Received Here

Shipments Are Being Received From Outlying Points, Hill Announces

TOTAL STORED HERE 20,461 POUNDS

While shipments of scrap aluminum have been received here from several outlying points in the district to the local concentration center, no orders for the disposition of the aluminum have been received from the State Defense Council, County Controller Frank Hill, in charge of the handling of the accumulation here.

Word has been sent to districts which have not reported, asking them to complete their shipments to the concentration centers so that the aluminum can be sent to the smelters.

Chairman Hill states that 14,397 pounds were gathered in Lawrence county, and shipments have been sent from outlying points bringing the total amount here to 20,461 pounds. Of this amount, 3,800 pounds came from Oil City and Franklin in Venango county, 1,890 pounds from Greenville in Mercer county and 374 pounds from Slippery Rock.

No reports have been received from Butler, Sharon, Grove City or other nearby points. Beaver county aluminum was sent to Pittsburgh.

SERGT. JENKINS FIRES BIG GUN

Word has been received here that Sgt. John Lester Jenkins of Thorpe street, who is stationed at Camp Shelby, Miss., took part in the shooting of big guns this past week.

Sgt. Jenkins was the fourth in line to shoot the gun, the target being a five foot square at a distance of four miles. The target was hit directly in the center and the local boy was congratulated by the major and officers on his excellent marksmanship.

Value Of Farm Horses Decreases In Period Of Years

(International News Service)
COLUMBUS, O., Aug. 26.—Neither the old gray mare nor any of her sisters of any other color is what she used to be in the realm of power for use on farms.

The rural economists at Ohio State university report that the average value of farm horses now sold in Ohio is \$86, as compared with an average value of \$163 in the period from 1910 to 1914.

The trend toward mechanical farm power, as in mechanized destruction in war, appears to have definitely outdistanced the horse. Tractors, trucks and tanks do not need currying; they take fuel and water through a hose, and they stand without hitching.

Military Might Is Seen By Duke

(International News Service)
NORFOLK, Va., Aug. 26.—Greeted by military display not witnessed in Norfolk in years, His Royal Highness the Duke of Kent, made a whirlwind inspection of the sprawling defense activities in this vital naval area Monday.

Tall, slim and dapper in the uniform of A.R.P. wing commander, the brother of the British king stepped out of a navy transport plane from Anacostia at the Norfolk naval base in the forenoon to be greeted by Rear Admiral Manley H. Simons, commandant of the Fifth Naval District British Consul William Guthrie, governor-elect of Virginia Colgate W. A. Darden and high city and navy officials.

He stood stiffly at salute as a marine band played the first bars of "God Save the King." Inspected casually the marine guard of honor drawn up to receive him, and left the naval base through a mile-long line of sailors with bayonets at present arms as he sped away under police escort to the Norfolk Navy Yard.

The duke inspected British repair operations at the navy yard, went aboard two warships at Hampton Roads, lunched at the home of Rear Admiral Felix X. Gygax, commanding the yard, and then left by motor to inspect the Newport News shipbuilding and dry dock company and later Langley Field.

Job Service Branch Finds Work For 99

Ninety-nine persons were placed in jobs by the New Castle office of the Pennsylvania Employment Service during the week ending August 8. That period brought 215 job applications.

Eighteen new claims were handled and 140 old claims continued. A total of 120 benefit checks were issued amounting to \$1,215.50. Throughout the state the service found employment for 5,000 during the week. A total of 143,000 have been placed in jobs since January 1.

Tuberculosis In Cattle Of State Being Eradicated

Secretary Of Agriculture Gives Report Of Progress Made In Campaign

(International News Service)
HARRISBURG, Aug. 26.—Secretary of Agriculture John H. Light has announced that remarkable progress is being made in the eradication of tuberculosis in cattle in Pennsylvania with only two-thirds of one per cent reacting to the disease in tests taken during the first six months of this year.

"Records show a gradual reduction in the infection each year," Light said, "and the excellent progress indicated by the reports of the first six months of this year prove conclusively the worth as well as the necessity of a program of testing which must not be relaxed."

During the period covered by the report, 5,576 herds, comprising 244,275 cattle were tested and of that number only 1,648 cattle were infected. Meanwhile, Light announced that the seedling tobacco crop is above normal and from 10 days to two weeks earlier than usual. Although the crop has been making excellent progress, the dry weather in recent weeks may retard its growth. Topping is general and well advanced with cutting of early plantings having reached the peak about the middle of August and later plantings expected to reach the peak toward the latter part of September.

Pennsylvania beekeepers also are harvesting one of the largest crops of honey that has been produced in years. Estimates place the crop at approximately 6,000,000 pounds compared with an average annual production of between 3,000,000 and 4,000,000 pounds.

Wool shorn from sheep in the state this year totaled 2,394,000 pounds, Light said. The amount, however, is a reduction from figures of last year when 2,834,000 pounds were produced.

Launch Plan For Reemployment Of Men In Service

(International News Service)
WASHINGTON, Aug. 26.—National selective service headquarters today launched a reemployment program for the 200,000 men to be released from the draft beginning Sept. 1.

Draft Director Brig. Gen. Lewis B. Hershey ordered state headquarters to complete plans for finding the men jobs and directed them specifically to appoint committees to each draft board to act as liaison officers between the returning soldiers and employers.

Forms are being distributed to the army camps to be filled out by the released men so that draft boards will have a complete line on their experience and ability.

Gen. Hershey emphasized that the draft act imposes the duty on the selective service system of getting selectees their old jobs and on employers to rehire them wherever possible.

Four Canadian Airmen Killed

(International News Service)
LIVERPOOL, N. S., Aug. 26.—Four members of the Royal Canadian Air Force were killed instantly about six miles out of Liverpool Monday when their rescue plane, sent out to search for five missing air service comrades, plummeted to earth and burst into flames.

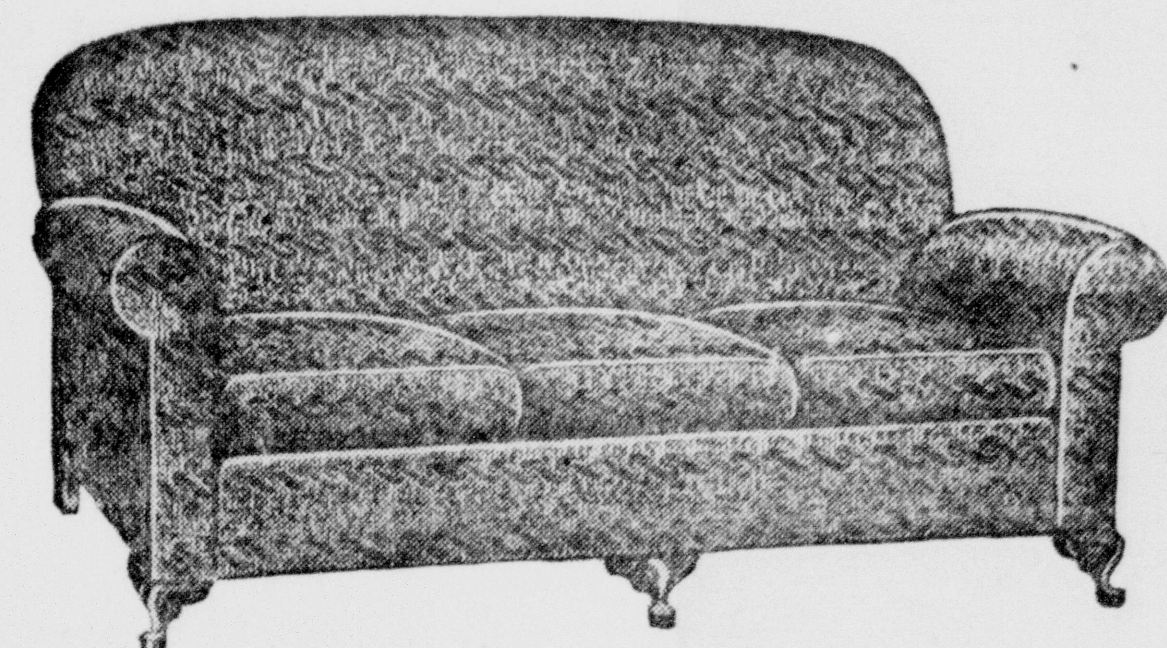

Identity of the R. C. A. F. men was not learned immediately. They had just located the crew of the missing plane who had bailed out safely and parachuted to earth when their gas supply became exhausted. Only one of the men who bailed out was injured.

Employees Decrease Under Gov. James

(International News Service)
HARRISBURG, Aug. 26.—The number of regular employees of department under Gov. Arthur H. James control has decreased from 12,133 on the day he took office, January 17, 1939, to 9,593 as of last July 31, it was announced today.

The number excludes employees of the department of public assistance, liquor control board, 691 temporary highway workers and 158 one-dollar-a-year bootleg coal investigators.

Light Dimming Of Autos Improves

(International News Service)
HARRISBURG, Aug. 26.—According to headquarters of the Pennsylvania Motor Police, automobile lighting and dimming courtesy in Pennsylvania has improved throughout the last year. An actual check on the highways of the state indicated that not over one car in twenty had glaring headlights, whereas one year ago the ratio was one in eight. This condition has been brought about by improved inspection methods and a steady campaign of education.

4,769 cars were stopped, on the highways during the month of July because of defective lighting equipment. Out of this number only three resulted in arrest. In the other corrections were directed and complied with.

motor police during the month of July warned 1,641 motorists to replace unlawful tires on their automobiles. This brought to 9,920 the number of motor vehicles found to be operated on public highways with unsafe tire equipment during the last seven months of the year. A total of four arrests were made during this period as a result of automobile owners failing to heed the police warning to obtain new tire equipment.

The operation of a motor vehicle with defective tires is an exceedingly dangerous practice that becomes increasingly so during the summer months when tire stress increases greatly by reason of expansion caused by intense heat. Motorists are cautioned to protect their safety by obtaining new automobile tires when needed.

Pedestrians Are Worst Violators Of Traffic Laws

(International News Service)
PITTSBURGH, Aug. 26.—Pedestrians are worse traffic violators than motorists, according to Patrol

man Walter Waddell, recently retired from the police force after 16 years service at a downtown corner. "I think the pedestrians need more education than motorists. The jay-walkers who cross against traffic signals are the cornerman's worst problem," he said.

Waddell will take a special policeman's job in downtown office buildings after a short vacation.
